[^0]:    NOTES:
    ${ }^{1}$ Projected Population: Resident population projections from the Georgia Office of Planning and Budget (4/1/2023 Release). See DCH Rule 111-2-2-.09(1)(b)1\&2.
    ${ }^{2}$ Current Bed Data is based on data from the DCH/DHP facility inventory of approved and existing general nursing home beds (as of 3/25/2024).
    ${ }^{3}$ Occupancy Data is calculated on days of patient utilization using data from the 2023 Annual Nursing Home Questionnaire data. In some cases prior year data was used when 2023 data was unavailable. Occupancy in a planning area must equal or exceed $95 \%$ in order to establish need for a new or expanded nursing facility pursuant to Rule 111-2-2. 30 (3)3. Percentages of Occupancy are not rounded up and are a whole number.
