Agency for Healthcare Research and Quality		http://psnet.ahrq.gov/resource.aspx?resourceID=7362&sourceID=1&emailD=9827	Summarizes results from a conference of consumers, health care professionals, and administrative leaders about improving the health care system and advancing patient-centered care. The report includes a chapter on partnering with patient safety organizations.	Report/book download	Report
Agency for Healthcare Research and Quality		http://healthit.ahrq.gov/portal/server.pt?open=514&objID=5554&mode=2&holderDisplayURL=http://prodportallb.ahrq.gov:7087/publishedcontent/publish/communities/k_o/knowledge_library/features_archive/features/accessible_health_information_technology_it_for_populations_with_limited_literacy_a_guide_for_developers_and_purchasers_of_health_it.html	This guide helps developers and purchasers of health IT reach adults with limited literacy. The guide, which includes a checklist, presents design principles and strategies to increase consumer accessibility to health IT.	Report	Report; literacy

Resource Creator	Brief description of who the resource creator is	Website Link	Brief Description of Resource	Resources available on website	Key Word(s)
AHIMA	AHIMA is the premier association of health information management (HIM) professionals. AHIMA is dedicated to the effective management of personal health information needed to deliver quality healthcare to the public and is committed to advancing the HIM profession in an increasingly electronic and global environment through leadership in advocacy, education, certification, and lifelong learning.	http://www.mypmr.com/	Defines PHRs and issues associated with using PHR.	Glossary of terms; links to other resources; Free PHR forms; PHR tools and services; Health info news; FAQs; PHR definitions; Consumer privacy rights	PHR; Education; FAQs; privacy and security; glossary
AHIMA		http://www.youtube.com/watch?v=TZzlw6RpQVg	Video with consumers and AHIMA experts about use of importance of HIE and PHRs	Video; HIE education	Education; PHR
AHIMA		http://www.mypmr.com/rights/your_privacy_rights.asp	Links to handouts and articles concerning privacy and the public's rights under HIPAA	Handouts, HIE educational materials	Education; privacy and security
Alabama Medicaid Agency	The Alabama Medicaid agency is responsible for Medicaid; a state/federal program that pays for medical and long-term care services for low-income pregnant women, children, certain people on Medicare, disabled individuals and nursing home residents. These individuals must meet certain income and other requirements.	http://www.medicare.alabama.gov/news/EHR_Medicare_AL.aspx?tab=2	News about Alabama being selected to be in the EHR Medicare demonstration project	News, EHR fact sheet	EHR, Medicare, Medicaid

Resource Creator	Brief description of who the resource creator is	Website Link	Brief Description of Resource	Resources available on website	Key Word(s)
American Academy for Family Physicians	One of the largest national medical organizations, representing more than 94,000 family physicians, family medicine residents, and medical students nationwide. Founded in 1947, its mission has been to preserve and promote the science and art of family medicine and to ensure high-quality, cost-effective health care for patients of all ages.	http://www.aafp.org/online/etc/medialib/aafp_org/documents/press/fixhealthwomen/fixhealthwomendoc.Par.0001.File.tmp/Executive_Summary_Fixing_Health_Care_200408.pdf	Survey results of 1,270 women regarding what they would like to see in healthcare reform.	Report	Survey
AMIA – American Medical Informatics Association	AMIA advances the use of biomedical and health informatics clinical care, personal health management, public health/population, and research with the ultimate objective of improving health.	http://www.amia.org/inside/initiatives/healthdata/2007/draftconsumerchecklist.pdf	Consumer checklist for privacy and security	Checklist	Privacy and security
Arizona Health-connection	Established in January 2007, AzHeC is a not-for-profit organization whose mission is to lead Arizona's establishment of health information exchange (HIE), and adoption of health information technology (HIT) through education and research	http://www.azhec.org/index.jsp	The website in general is a glossary of HIE/HIT terms	Glossary of terms; resource links	Glossary

Resource Creator	Brief description of who the resource creator is	Website Link	Brief Description of Resource	Resources available on website	Key Word(s)
BHIX	The Brooklyn Health Information Exchange (BHIX) is part of an innovative statewide and nationwide effort to improve our healthcare system through the use of secure and interoperable health information technology. BHIX empowers consumers to allow doctors, nurses and other health care professionals more timely access to their electronic health information. By getting the right information to the right place at the right time, BHIX promotes improvements in the quality, safety and efficiency of medical care.	http://www.bhix.org/index.html	Information accessed through BHIX comes from a variety of Health Information Sources. These Health Information Sources may include Participants, other health care providers (such as doctors, pharmacies and clinical laboratories), health insurers, the New York State Medicaid program and, over time, other health information exchanges, RHIOs and personal health records.	Educational materials, contact info	BHIX, consent, interoperable
Blue Cross Blue Shield of Kansas City	Blue Cross and Blue Shield of Kansas City, a health insurance company, is the area's largest health benefits provider, serving more than 880,000 members in 32 counties in greater Kansas City, northwest Missouri, and Johnson and Wyandotte counties in Kansas.	https://www.bcbskc.com/eprise/main/Public/Content/Health_and_Wellness.html	Consumers can create a personal health record	Online personal health record, health risk appraisal, privacy and security policies	PHR, health, wellness, privacy, security

Resource Creator	Brief description of who the resource creator is	Website Link	Brief Description of Resource	Resources available on website	Key Word(s)
California HealthCare Foundation	The California HealthCare Foundation is an independent philanthropy committed to improving the way health care is delivered and financed in California. By promoting innovations in care and broader access to information, our goal is to ensure that all Californians can get the care they need, when they need it, at a price they can afford.	http://www.chcf.org/topics/index.cfm?topic=CL108	Website on Health IT	Lessons Learned, EHR Assessment and Readiness, National Consumer Health Privacy Survey Executive Summaries, Surveys, and Slide Presentation; Patient-Provider Online Communication Tools Overview, Technology Assessment, Measuring HIT costs and benefits studies, Lessons in adoption of online consumer tools, survey results, reports & initiatives, policy brief, market assessment, EHR selection toolkit, Privacy and Security and RHIO, Perspective on PHR future	HIT, HIE, consumer control, PHR, Health Information, Community Health Clinics, E-prescribing
California Office of HIPAA	CalOHI is the California Privacy and Security Advisory Board (CalPSAB) which will provide private and public collaboration to address and coordinate health information exchange (HIE) privacy and security efforts in California. The CalPSAB's four committees; Privacy, IT Security, Legal, and Education will analyze issues, develop and evaluate the effectiveness of alternative solutions, and present recommendations to the CalPSAB.	http://www.ohi.ca.gov/calohi/	Identifying stakeholder groups, prioritizing among those groups, and developing a communication plan that will appropriately communicate the policies and standards recommended by the PSAB	HIPAA glossary	HIPAA

Resource Creator	Brief description of who the resource creator is	Website Link	Brief Description of Resource	Resources available on website	Key Word(s)
California Office of HIPAA	A link to Federal FAQs	http://aspe.hhs.gov/admsimp/final/pvcguide1.htm	Standards for Privacy of Individually Identifiable Health Information	FAQs, privacy and security laws	Privacy and security
CareEntrust - Kansas City	An employer-based regional health information network (RHIO)	http://www.careentrust.org/	CareEntrust is currently offered as a health benefit by sponsoring organizations	Markle foundation statistics, Benefits of PHR	PHR
CareSpark	CareSpark is developing a secure network that allows physician offices, hospitals, public health departments, pharmacies, laboratories and imaging centers to communicate electronically in order to improve patient care and safety and reduce costs.	http://carespark.com/index.php?option=com_content&task=view&id=62&Itemid=63	Survey results of consumer attitudes about HIE in Appalachian, TN region	Survey results	Survey
Center for Democracy and Technology	CDT is a non-profit that works to promote democratic values and constitutional liberties in the digital age. It has expertise in law, technology, and policy, and is among the organizations that most frequently testify for Congress. In 2008 it launched a health program, merging with the Health Privacy Project.	http://www.cdt.org/healthprivacy/	Brochures for consumers on HIE in general and myths and facts about HIPAA.	2 page overview of HIE, "Putting Patients First," and longer FAQ on HIPAA and privacy rights	Education; FAQs; privacy and security
Center for Democracy and Technology		http://www.cdt.org/healthprivacy/	Recommended policy framework for addressing health privacy in a policy framework	See CDT policy post 14.9 and "Beyond Consumer Consent"	Education; privacy and security

Resource Creator	Brief description of who the resource creator is	Website Link	Brief Description of Resource	Resources available on website	Key Word(s)
Center for Democracy and Technology	Works to promote democratic values and constitutional liberties in the digital age. With expertise in law, technology, and policy, CDT seeks practical solutions to enhance free expression and privacy in global communications technologies.	http://www.cdt.org/healthprivacy/20080514HPframe.pdf	Report calls for the adoption of a comprehensive privacy and security framework for protection of HIT is used to support E-HIE	Report	Report; privacy and security
