

**FQHC Development or Expansion Grant Program
G2011.5**

Questions and Answers

	Question	Response
1.	Can a Rural Health Clinic (RHC), Assisted Living Homes or Facilities apply for the grant money and if not this grant, do you know of other grant money available for Rural Health Clinics?	<p>This is not a grant for operation of a RHC or any other type of facility.</p> <p>The purpose of this grant is to be a statewide provider of technical assistance for the expansion of FQHCs. The successful applicant will provide operational funding for one location that will be an FQHC, which an RHC could convert. The funding would not support the ongoing operation as a RHC.</p>
