Hospital Marketshare Databases (By Year from 1999 to 2010) - Each year in individual database containing hospital discharge data. Requires a signed data agreement**	MS Access	Yearly from 1999 to 2010	\$100
* Component Plans/Rules and associated need projection methodologies for CON regulated services and facility types were amended effective April 1, 2003 to use Resident Population Projections as their population basis. The 4/06 and 4/11 projection series are different projection methodologies using different base years. The 4/11 Release becomes effective April 1, 2011 and the 4/06 Release will be discontinued on that day.			
** Recipients of Market Share Databases must sign a data agreement before the database can be transmitted.			

**Ad Hoc Reports, Queries, and Analytical Services:** Although many standardized reports are available from DHP databases, some requests may require customized reports and queries. Customized reports and queries can be produced upon request using at a rate of \$50 per hour of staff time, with a minimum charge of \$50 per report.

**Short-Stay Hospital Bed Need** - General hospital short-stay bed need projections for new or expanding hospitals can be provided for \$50 per need projection.

**PLEASE NOTE THE FOLLOWING CONDITIONS**

**Unpaid Balances** - Existing customers with unpaid overdue bills will NOT be allowed to place new orders for documents or data products until all overdue balances are paid in full to DCH.

**Public Document Viewing** – The Division of Health Planning allows public viewing of official documents and access to certain databases in person at our 2 Peachtree Street office at no charge. Public viewing is by appointment only. Call 404-656-0409 to make arrangements.
