Recent Legislation - Senate Bill 433

Senate Bill (SB) 433 was passed on April 4, 2008 and signed by Governor Sonny Perdue on April 9, 2008. Senate Bill 433 represents the largest reform of the Certificate of Need (CON) law since 1979. Please refer to the link below to access the complete text of SB 433.

The Department has received many inquiries regarding the impact of SB 433, including how the new law will be implemented and applied. The CON changes outlined in the bill go into effect on July 1, 2008. As a result, the Department has decided to offer a 30-day free determination period to answer specific written questions about the applicability of SB 433.

Beginning May 1, 2008, through May 31, 2008, the Department will accept written questions about the applicability of SB 433 to specific situations from interested parties. There will be no filing fee for the determination requests, and the Request for Determination form does not have to be completed and submitted with the question. The question(s) must be specific to SB 433, its impact and applicability to specific proposed projects leading to and beyond July 1, 2008. If the questions are determined to be of a general nature not specific to SB 433, the determination request will be returned and the party will be asked to submit the request according to the prescribed process with a filing fee and on the form referenced above.

Please address all questions to Clyde L. Reese, III, General Counsel, Department of Community Health, 2 Peachtree St., 5th Floor, Atlanta, Georgia, 30303. The Department will review and respond in writing to the requests as quickly as possible. All requests will be posted on the Department website upon receipt, or shortly afterward. The Department responses will also be posted on the website for general reference. [Senate Bill 433 Determination Letters](#)

The Department is beginning to draft all necessary new and amended administrative rules required by SB 433. When ready, these rules will be presented to the Department of Community Health Board pursuant to the normal rule-making process. The Department respectfully requests that inquiries regarding SB 433 be addressed through the 30-day free determination period rather than by phone or e-mail to the extent possible. Thank you.

NEW CERTIFICATE OF NEED FILING REQUIREMENTS

Notices of Intent

Effective July 1, 2008, O.C.G.A. 31-6-40(b) provides that:

Any person proposing to develop or offer a new institutional health service or health care facility shall, before commencing such activity, submit a letter of intent and an application to the department and obtain a certificate of need in the manner provided in this chapter unless such activity is excluded from the scope of this chapter.

O.C.G.A. 31-6-43(a) further provides that:

At least 30 days prior to submitting an application for a certificate of need for clinical health services, a person shall submit a letter of intent to the department. The department shall provide by rule a process for submitting letters of intent and a mechanism by which applications may be filed to compete with and be reviewed comparatively with proposals described in submitted letters of intent.

All parties interested in applying for a certificate of need for new institutional health services **MUST NOW NOTIFY THE DEPARTMENT 30 DAYS PRIOR TO FILING AN APPLICATION** of their intent to do so. This notice must be in writing and must contain the following information:

- Name and address of legal applicant;
- Person to whom inquiries may be addressed;
- Name, address of facility, if different from legal applicant;
- Proposed Project Site Location;
- Brief summary description of proposal;
- Proposed service area; and,
- Cost of the project.

The Department will not accept any notices of intent submitted by either telephone, facsimile or e-mail pursuant to Rule 111-2-2-.06(5).

Note: The Department will begin implementing the Letter of Intent requirement on July 15, 2008. Beginning with that date, no CON application will be accepted without a previously filed Letter of Intent. The CON application must be submitted no later than 30 days after the Letter of Intent has been received by the Department.

BATCHING REQUIREMENTS

The Department will be promulgating rules for services that will now be batched pursuant to O.C.G.A. 31-6-43(e) which states:

To allow the opportunity for comparative review of applications, the department may provide by rule for applications for a certificate of need to be submitted on a timetable or batching cycle basis no less often than two times per calendar year for each clinical health service. Applications for services, facilities, or expenditures for which there is no specified batching cycle may be filed at any time.

The requirements for Notices of Intent associated with designated Batching Cycles will be issued at the time of publication of the Batching Notice.
