Dear Mr. Reese:

In regards to the recent legislation concerning CON for Personal Care Homes, I am requesting clarification on a couple of the following issues:

1. If the CON Project is currently under construction do I have to continue the Progress Reports?
2. Does the Mandatory Completion Date timeline have to be followed?
3. What assurance do I as the owner of the property have that the Personal Care Home will be deemed valid and allowed to operate by the State of Georgia and the DHR?
4. If my current CON is for 110 Beds, am I allowed to increase more beds than 110 without permission from the Division of Health Planning or the DHR?

Please feel free to contact me with any questions and thanks in advance for your assistance.

Regards,
