

2009 State Health Benefit Plan (SHBP) Prescription Drug List for Choice HMO

Your UnitedHealthcare pharmacy benefit offers flexibility and choice in finding the right medication for you.

This guide will:

1. Help you understand your medication choices and make informed decisions.
2. Help you understand which questions to ask your doctor or pharmacist.

What is a Prescription Drug List (PDL)?

A PDL is a list of Food and Drug Administration (FDA)-approved brand name and generic medications.

Your UnitedHealthcare pharmacy benefit provides coverage for a comprehensive selection of prescription medications. Below you will find some commonly prescribed medications for certain conditions. You and your doctor may refer to this list to select the right medication to meet your needs.

The benefit plan documents provided by your health plan include a Summary Plan Description (SPD). Please refer to this document for more details about your individual plan.

Understanding Tiers

Prescription medications are categorized within three tiers. Each tier is assigned a copayment, the amount you pay when you fill a prescription, which is determined by your health plan. Consult your benefit plan documents to find out the specific copayments, coinsurance and deductibles that are part of your plan. You and your doctor decide which medication is appropriate for you.

Tier 1 – Your Lowest-Cost Option

This is your lowest copayment option. For the lowest out-of-pocket expense, you should always consider Tier 1 medications if you and your doctor decide they are right for your treatment.

Tier 2 – Your Midrange-Cost Option

This is your middle copayment option. Consider Tier 2 medications if you and your doctor decide that a Tier 2 medication is right for your treatment.

Tier 3 – Your Highest-Cost Option

This is your highest copayment option. Sometimes there are alternatives available in Tier 1 or Tier 2 that may be appropriate to treat your condition. If you are currently taking a medication in Tier 3, ask your doctor whether there are Tier 1 or Tier 2 alternatives that may be right for your treatment.

Compounded medications, medications with one or more ingredients that are prepared “on-site” by a pharmacist, are classified at the Tier 3 level.

Please note: Check the Drug Pricing / Coverage information on www.myuhc.com, or call the Customer Care number on your ID card for more information about your benefit plan.

If you have pharmacy benefit coverage with UnitedHealthcare, you may learn more about your benefit by visiting www.myuhc.com or by calling the Customer Care telephone number printed on your ID card. If you are not currently enrolled with UnitedHealthcare for pharmacy benefit coverage, you may access www.myuhc.com for additional information during your open enrollment period or you may contact your health plan for additional information.

In certain documents, the Prescription Drug List (PDL) was referred to as the “Preferred Drug List (PDL).” This change in descriptive terms does not affect your benefit coverage.

Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern.

THIS DOCUMENT LIST IS EFFECTIVE JAN. 1, 2009 THROUGH DEC. 31, 2009. THIS LIST IS SUBJECT TO CHANGE.

Who makes tier placement decisions and what factors are considered?

Several factors are considered when deciding the placement of a medication on the UHC Prescription Drug List including the medication's classification. Several committees contribute and evaluate the overall value of the medication to ensure an unbiased approach. Committee members are various health care professionals including pharmacists and physicians with a broad range of specialties.

The two main committees are:

Our National Pharmacy and Therapeutics (P&T) Committee evaluates clinical evidence in order to determine a medication's role in therapy and its overall clinical value. In addition, the P&T Committee reviews the relative safety and efficacy of the medication.

The UnitedHealthcare PDL Management Committee evaluates the clinical recommendations of the P&T committee as well as pharmacoeconomic and economic information. Our PDL Management Committee uses the input from the National P&T Committee and our various other committees to make a tier placement decision based on the overall value of the medication.

The PDL Management Committee helps to ensure access to a wide range of affordable medications for you.

How often will prescription medications change tiers?

Medications may move to a higher tier up to three times per calendar year, depending on your benefit. Additionally, when a brand name medication becomes available as a generic, the tier status of the brand name medication and its corresponding generic will be evaluated. When a medication changes tiers, you may be required to pay more or less for that medication. These changes may occur without prior notice to you.

For the most current information on your pharmacy coverage, please call the Customer Care number on your ID card or visit www.myuhc.com.

What is the difference between brand name and generic medications?

Generic medications contain the same active ingredients as brand name medications, but they often cost less. Generic medications become available after the patent on the brand name medication expires. At that time, other companies are permitted to manufacture an FDA-approved, chemically equivalent medication. Many companies that make brand name medications also produce and market generic medications.

The next time your doctor gives you a prescription for a brand name medication, ask if a generic equivalent is available and if it might be appropriate for you. While there are exceptions, generic medications are usually your lowest cost option. Please note that some generic medications may be in Tier 2 or Tier 3 and will not have the lowest copayment available under your pharmacy benefit plan. Go to myuhc.com to determine the copayment for your generic medication.

If you have pharmacy benefit coverage with UnitedHealthcare, you may learn more about your benefit by visiting www.myuhc.com or by calling the Customer Care telephone number printed on your ID card. If you are not currently enrolled with UnitedHealthcare for pharmacy benefit coverage, you may access www.myuhc.com for additional information during your open enrollment period or you may contact your health plan for additional information.

In certain documents, the Prescription Drug List (PDL) was referred to as the "Preferred Drug List (PDL)." This change in descriptive terms does not affect your benefit coverage. Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern.

THIS DOCUMENT LIST IS EFFECTIVE JAN. 1, 2009 THROUGH DEC. 31, 2009. THIS LIST IS SUBJECT TO CHANGE.

Why is the medication that I am currently taking no longer covered?

Medications may be excluded from coverage under your pharmacy benefit. For example, a prescription medication may be excluded from coverage when it is therapeutically equivalent to an over-the-counter medication. Alternative medications may be included on the PDL. Talk to your doctor about the most appropriate medication for you.

When should I consider discussing over-the-counter or non-prescription medications with my doctor?

An over-the-counter medication can be an appropriate treatment for many conditions. Consult your doctor about over-the-counter alternatives to treat your condition. These medications are not covered under your pharmacy benefit, but they may cost less than your copayment for prescription medications.

Why are there notations next to certain medications in the PDL, and what do they mean?

The specific definitions for these notations (**QLL**, **QD**, **N**, etc.) are listed at the bottom of each page of the PDL and refer to our pharmacy programs. These programs can help:

- Confirm coverage based on your benefit plan
- Alert pharmacists and doctors of potentially harmful medication interactions
- Notify your pharmacist and doctor of duplication in treatments

Please call Customer Care if you need additional information about these notations.

What should I do if I use a self-administered injectable medication?

You may have coverage for self-administered injectable medications through your pharmacy benefit plan. UnitedHealthcare has developed a specialty pharmacy network for these medications. Please call our toll-free Specialty Pharmacy Referral Line at 1-866-429-8177 where a representative will answer questions about our program and then transfer you to a specialty pharmacy based on your particular specialty medication prescription.

How do I access updated information about my pharmacy benefit?

Since the PDL may change periodically, we encourage you to visit www.myuhc.com or call the Customer Care number on your ID card for more current information.

Log on to myuhc.com for the following pharmacy resources and tools:

- Pharmacy benefit and coverage information
- Specific copayment amounts for prescription medications
- Possible lower-cost medication alternatives
- A list of medications based on a specific medical condition
- Medication interactions and side effects, etc.
- Locate a participating retail pharmacy by zip code
- Review your prescription history

What if I still have questions?

Please call the Customer Care number on your ID card. Representatives are available to assist you 24 hours a day, except Thanksgiving and Christmas.

If you have pharmacy benefit coverage with UnitedHealthcare, you may learn more about your benefit by visiting www.myuhc.com or by calling the Customer Care telephone number printed on your ID card. If you are not currently enrolled with UnitedHealthcare for pharmacy benefit coverage, you may access www.myuhc.com for additional information during your open enrollment period or you may contact your health plan for additional information.

In certain documents, the Prescription Drug List (PDL) was referred to as the "Preferred Drug List (PDL)." This change in descriptive terms does not affect your benefit coverage. Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern.

THIS DOCUMENT LIST IS EFFECTIVE JAN. 1, 2009 THROUGH DEC. 31, 2009. THIS LIST IS SUBJECT TO CHANGE.

2009 State Health Benefit Plan (SHBP) Prescription Drug List for Choice HMO

Tier One

Acebutolol	Bromocriptine	Diclofenac
Acetaminophen with Caffeine and Butalbital	Bumetanide	Dicloxacillin
Acetaminophen with Codeine QD	Bupropion N	Dicyclomine
Acetaminophen with Codeine, Caffeine and Butalbital QD	Bupropion Sustained Action N	Difforasone
Acetaminophen with Hydrocodone QD	Buspirone	Diffunisal
Acetazolamide	Calcipotriene Solution, Topical	Digoxin
Acetic Acid with Hydrocortisone Otic Solution	Calcitriol	Diltiazem Controlled Release Capsule
Acyclovir Tablet, Capsule, Suspension	Calcium Acetate 667mg	Diltiazem Sustained Release 12 Hours Capsule
Albuterol Extended Release Tablet	Captopril	Diltiazem Tablet
Albuterol Inhalation Solution	Captopril with Hydrochlorothiazide	Diphenoxylate
Alendronate QLL	Carbamazepine	Diphenoxylate with Atropine
Allopurinol	Carbidopa/Levodopa	Dipyridamole
Alprazolam	Carisoprodol	Divalproex Sodium Tablet, Enteric Coated
Alprazolam Extended Release	Carvedilol	Dorzolamide Eye Drops
Amantadine Tablet, Capsule, Syrup	Cefaclor	Doxazosin
Amiloride with Hydrochlorothiazide	Cefadroxil	Doxepin
Amiodarone	Cefuroxime Tablet	Doxycycline
Amitriptyline	Cephalexin	Dronabinol
Amitriptyline with Chlordiazepoxide	Cesia	Econazole
Amitriptyline with Perphenazine	Chlordiazepoxide	Enalapril
Amlodipine Besylate	Chlorhexidine	Enalapril with Hydrochlorothiazide
Amoxicillin	Chlorthalidone	Enpresse
Amoxicillin with Potassium Clavulanate	Chlorzoxazone	Ergotamine Tartrate, Belladonna Alkaloids and Phenobarbital
Amphetamine with Dextroamphetamine Salt Combination	Cholestyramine	Errin
Ampicillin	Cholestyramine with Aspartame	Erythromycin Base 250, 333mg
Antipyrine with Benzocaine Otic Solution	Ciclopirox Gel, Topical	Erythromycin Ethylsuccinate
Apri	Cilostazol	Erythromycin Stearate
Asmanex QLL	Ciprofloxacin	Erythromycin with Benzoyl Peroxide
Aspirin with Caffeine and Butalbital	Citalopram	Estradiol Patch QLL
Aspirin with Codeine, Caffeine and Butalbital	Clarithromycin Tablet	Estropipate
Atenolol	Clidinium with Chlordiazepoxide	Etidronate Disodium
Atenolol with Chlorthalidone	Clindamycin Capsule	Etodolac
Aviane	Clindamycin Gel, Soln, Lotion, Swabs	Fast Take Test Strips QLL
Azathioprine	Clindamycin Vaginal Cream	Felodipine
Azithromycin	Clobetasol	Fenofibrate Micronized 54, 67, 134, 160, 200mg
Baclofen	Clomiphene	Flecainide
Benazepril	Clomipramine	Fluconazole
Benazepril with Hydrochlorothiazide	Clonazepam	Fludrocortisone
Benzonatate	Clonidine	Flunisolide Nasal Spray QLL
Benztropine	Clorazepate	Fluocinolone
Betamethasone Dipropionate Augmented Cream	Clotrimazole Troches	Fluocinonide
Betamethasone Dipropionate Cream, Lotion, Ointment, Gel	Clotrimazole with Betamethasone	Fluocinonide-E
Betamethasone Valerate	Colestipol	Fluorometholone
Betamethasone with Clotrimazole	Cromolyn	Fluorouracil Cream
Bisoprolol	Cryselle	Fluoxetine Capsule
Bisoprolol with Hydrochlorothiazide	Cyclobenzaprine	Flurazepam
	Cyproheptadine	Flurbiprofen
	Desipramine	Fluticasone Nasal Spray QLL
	Desmopressin	Fluvoxamine
	Desonide	Folic Acid
	Desoximetasone	Foradil QLL
	Dexamethasone	
	Dextroamphetamine	
	Dextroamphetamine Sustained Release	
	Diazepam	

Some medications are noted with N, QD, or QLL. The definitions for these symbols are listed below. Your benefit plan determines how these medications may be covered for you.

N = Notification. There are a few medications that your doctor must notify us of to make sure their use is covered within your benefit.

QD = Quantity Duration. Some medications have a limited amount that can be covered for a specific period of time.

QLL = Quantity Level Limit. Some medications have a limited amount that can be covered at one time.

THIS DOCUMENT LIST IS EFFECTIVE JAN. 1, 2009 THROUGH DEC. 31, 2009. THIS LIST IS SUBJECT TO CHANGE.

2009 State Health Benefit Plan (SHBP) Prescription Drug List for Choice HMO

Tier One

Fosinopril
Fosinopril with Hydrochlorothiazide
Freestyle Lite Test Strips **QLL**
Freestyle Test Strips **QLL**
Frova **QLL**
Furosemide
Gabapentin Capsule, Tablet
Galantamine
Gemfibrozil
Gentamicin
Glimepiride
Glipizide
Glipizide Extended-Release
Glyburide
Glyburide Micronized
Glyburide with Metformin
Guanfacine
Halobetasol Cream, Ointment
Haloperidol
Hydralazine
Hydrochlorothiazide
Hydrocodone with Homatropine
Hydrocortisone Acetate Suppositories
Hydrocortisone Valerate
Hydromorphone
Hydroxychloroquine
Hydroxyzine
Ibuprofen - Prescription strengths only
Ibuprofen with Hydrocodone
Imipramine
Indapamide
Indomethacin
Ipratropium Inhalation Solution
Isometheptene, Dichloralphenazone and Acetaminophen
Isoniazid
Isosorbide Dinitrate
Isosorbide Mononitrate
Isradipine
Itraconazole **QD**
Junel
Junel FE
Kariva
Ketoconazole
Ketoprofen
Ketorolac **QLL**
Labetalol
Lactulose
Lamotrigine Dispersible Tablet
Leflunomide
Lessina
Levetiracetam
Levothyroxine
Levora
Levorphanol Tartrate

Lidocaine Viscous
Lisinopril
Lisinopril with Hydrochlorothiazide
Lithium Carbonate
Lithium Carbonate Controlled-Release
Lithium Carbonate Extended-Release
Lorazepam
Lovastatin
Low-Ogestrel
Maxalt **QLL**
Maxalt **MLT QLL**
Mebendazole
Medroxyprogesterone 150mg/ml
Medroxyprogesterone Tablet
Mefloquine
Megestrol
Meloxicam
Meperidine
Meperidine with Promethazine
Metformin
Metformin Extended-Release
Methadone
Methimazole
Methocarbamol
Methotrexate
Methylidopa
Methylphenidate **QD**
Methylphenidate Extended-Release **QD**
Methylprednisolone
Methyltestosterone with Esterfied Estrogens
Metoclopramide
Metolazone
Metoprolol
Metoprolol Succinate Sustained Release 25mg
Metronidazole
Metronidazole Cream
Microgestin
Microgestin FE
Minocycline
Minoxidil Tablet
Mirtazapine
Mirtazapine Dispersible Tablet
Misoprostol
Mometasone
Mononessa
Morphine
Morphine Sulfate Controlled Release **QD**
Mupirocin Ointment
Nadolol
Nadolol with Bendroflumethiazide
Naproxen - Prescription strengths only
Necon
Nefazodone
Neomycin/Polymyxin B/Dexamethasone

Neomycin/Polymyxin/Gramicidin
Neomycin/Polymyxin/Hydrocortisone
Nifedipine
Nifedipine Controlled-Release
Nifedipine Extended Release
Nitrofurantoin/Nitrofurantoin Macrocrystals
Nitrofurantoin Macrocrystals
Nitroglycerin
Norethindrone
Nortrel
Nortriptyline
Novolin Vials
Novolog Vials
Nystatin
Nystatin with Triamcinolone
Ofloxacin Eye Drops
Ofloxacin Otic Drops
Ogestrel
Ondansetron **QLL**
One Touch Test Strips **QLL**
One Touch Ultra Test Strips **QLL**
Orapred Oral Solution
Oxaprozin
Oxazepam
Oxybutynin
Oxycodone
Oxycodone with Acetaminophen **QD**
Oxycodone with Aspirin
Oxycodone with Ibuprofen **QD**
Paroxetine
PEG 3350/Powder for Solution
Penicillin V Potassium
Pentoxifylline
Permethrin Cream
Phenazopyridine
Phenobarbital
Phenylephrine with Chlorpheniramine and Scopolamine
Phenylephrine with Hydrocodone
Phenytoin
Pindolol
Piroxicam
Polymyxin B with Trimethoprim
Portia
Potassium Chloride
Potassium Citrate
Pravastatin
Prazosin
Precision Q-I-D Test Strips **QLL**
Precision Xtra Test Strips **QLL**
Prednisolone
Prednisone
Prenatal Vitamins - Generic prescription strengths only
Primidone

2009 State Health Benefit Plan (SHBP) Prescription Drug List for Choice HMO

Tier One

Probenecid	Theophylline Anhydrous Tablet, Sustained Action
Prochlorperazine	Thyroid
Promethazine	Timolol Drops
Promethazine with Codeine	Tizanidine
Promethazine with Dextromethorphan	Tobramycin
Promethazine with Phenylephrine	Torsemide
Promethazine with Phenylephrine and Codeine	Tramadol
Propafenone	Tramadol with Acetaminophen QD
Propoxyphene	Trazodone
Propoxyphene with Acetaminophen QD	Tretinoin QD, N
Propranolol Tablet	Tri-Sprintec
Propylthiouracil	Triamcinolone
Protriptyline	Triamterene with Hydrochlorothiazide
Pulmicort Flexhaler QLL	Triazolam
Pulmicort Turbuhaler QLL	Trimethobenzamide
QVAR QLL	Trimethobenzamide with Benzocaine
Ramipril	Trimethoprim
Ranitidine Syrup	Trimipramine Maleate
Reclipsen	Trinessa
Relpax QLL	Trivora
Ribavirin QLL, N	Ursodiol
Rifampin	Velivet
Risperidone	Venlafaxine
Ropinirole	Verapamil
Salsalate	Warfarin
Selenium Sulfide	Xopenex HFA QLL
Sertraline	Zolpidem QD
Silver Sulfadiazine	Zomig QLL
Simvastatin	Zomig ZMT QLL
Sodium Fluoride	Zonisamide
Solia	Zovia 1/35E
Sotalol	Zovia 1/50E
Spironolactone with Hydrochlorothiazide	
Spironolactone	
Sprintec	
Sucralfate	
Sulfacetamide	
Sulfacetamide with Sulfur	
Sulfamethoxazole with Trimethoprim	
Sulfasalazine	
Sulfasalazine EC	
Sulfatrim	
Sulindac	
Sumatriptan Succinate Injection QLL	
Surestep Test Strips QLL	
Tamoxifen	
Temazepam	
Terazosin	
Terbutaline	
Terconazole Suppository	
Tetracycline	
Theophylline
