The Department will require that a determination request be submitted for any proposed activity that may be exempt under O.C.G.A. 31-6. Such requests will be accepted only on the Department's form with the required filing fee of \$250. Requests for confirmation of the exemption for equipment below the threshold shall continue to be submitted using the Request for Letter of Non-Reviewability Form until further notice and will also require a \$250 filing fee.

Note: Requests for confirmation of the exemptions for a single specialty ambulatory surgical center or a joint venture ambulatory surgical center below the threshold are considered requests for a Letter of Non-Reviewability ("LNR") and require a \$500 filing fee

Requirements for Verification of Lawful Presence within the United States

The Department will no longer require information relating to this topic for Certificate of Need applications.

Periodic Reporting Requirements

From June 1, 2016 until September 15, 2016, the Department, through the Office of Health Planning, permitted facilities an opportunity to complete outstanding surveys in order to become compliant. Facilities not in compliance after the September deadline received a Notification of Deficiencies which included details regarding the outstanding surveys, where surveys could be completed, and contact information for the Department. To confirm whether your facility has an outstanding survey please visit www.georgiamap2care.info To complete a survey, please visit www.georgiahealthdata.info.

CON Thresholds become effective annually on July 1. The current and effective thresholds can be found on the CON Thresholds page.

Please do not submit Letters of Opposition or Letters of Support prior to the Department's receipt of an actual Certificate of Need application.
