LNR Conversion

As of June 1, 2016, absent the proposed undertaking of a reviewable action necessitating prior CON review and approval, the Department will no longer engage in CON review of facilities in possession of an LNR.

DET Review

Pursuant to the Department's adoption of the Facility Guidelines Institute 2018 physical plant updates on April 15, 2018, effective August 1, 2018, the Office of Health Planning will no longer engage in the review or issuance of letters of determination regarding the applicability of the CON laws to those freestanding facilities seeking to perform procedures outside of either an operating room environment or a dedicated non-sterile endoscopy room as they categorically do not meet the definition of a reviewable ambulatory surgical or obstetrical facility.
