Notes: The provisions of the Provider Payment Act of 2010 exempt eligible hospitals from being required to pay shortfalls associated with CON indigent and charity care commitments while the Act is in force. Critical Access Hospitals, Psychiatric Hospitals, and State-owned hospitals are exempt from the PPA so must still pay shortfalls associated with CON commitments.

NOTICE REGARDING 2021 REVISED HOME HEALTH SPRING BATCHING

Following the issuance of the *Certificate of Need Batching Review Cycle Notification for Home Health Agencies* on March 25, 2021, the Department learned that data presented by a Home Health Agency in its annual survey, and relied upon by the Department in making its 2021 Home Health Spring Batching need calculations, were incorrect. This inaccurate data led to an incorrect determination that there was unmet numerical need for Home Health Services in State Service Delivery Region ("SSDR") 9.

As stated in the Department's rules, "the availability of accurate, current data is critical for adequate health planning and for the review process." Ga. Comp. R. & Regs. r. 111-2-2-.04. It is with this in mind that the Department issued a *Revised Certificate of Need Batching Review Cycle Notification for Home Health Agencies* on April 12, 2021 using the most current survey data as authorized under Ga. Comp. R. & Regs. r. 111-2-2-.32(3). The revised notice indicates there is no unmet numerical need for Home Health Services in SSDR 9. Therefore, the Department will not accept applications for this service based on numerical need. The Department will, however, accept applications for Home Health Services based on exceptions to the need methodology referenced in Ga. Comp. R. & Regs. R. 111-2-2-.32(3)(c).

The Department understands that this required revision may inconvenience some prospective applicants but trust that those applicants concur with the overarching need to maintain the integrity of the batching process and are able to pursue an application based on an exception to numerical need where appropriate.

CERTIFICATE OF NEED FILING REQUIREMENTS

Letters of Intent

O.C.G.A. 31-6-40(b) provides that:

Any person proposing to develop or offer a new institutional health service or health care facility shall, before commencing such activity, submit a letter of intent and an application to the department and obtain a certificate of need in the manner provided in this chapter unless such activity is excluded from the scope of this chapter.

O.C.G.A. 31-6-43(a) further provides that:

At least 30 days prior to submitting an application for a certificate of need for clinical health services, a person shall submit a letter of intent to the department. The department shall provide by rule a process for submitting letters of intent and a mechanism by which applications may be filed to compete with and be reviewed comparatively with proposals described in submitted letters of intent.

All parties interested in applying for a certificate of need for new institutional health services **MUST NOTIFY THE DEPARTMENT 30 DAYS PRIOR TO FILING AN APPLICATION** of their intent to do so. This notice must be in writing and must contain the following information:

- Name and address of legal applicant;
- Person to whom inquiries may be addressed;
- Name, address of facility, if different from legal applicant;
- Proposed Project Site Location;
- Brief summary description of proposal;
- Proposed service area; and,
- Cost of the project.

The Department will not accept any letters of intent submitted by either telephone, facsimile or e-mail pursuant to Rule 111-2-2-.06(5). **In-person filings are no longer accepted.**

All forms must be submitted electronically through the Department's website at <https://dch.georgia.gov/office-health-planning-applications-and-requests-forms-0>.

Note: No CON application will be accepted without a previously filed Letter of Intent. The CON application must be submitted no later than 30 days after the Letter of Intent has been received by the Department.

Instructions for Organization of Appendices

Appendices, in the original application document as well as the copies, must be separated by **lettered tabs** upon submission with the Office of Health Planning.

For Appendices with multiple documents, each document in that specific appendix must be separated by a **light colored** dividing sheet containing the name of the document which follows the dividing sheet.

These instructions are listed on Page iv of the CON application form. Compliance with these instructions is required pursuant to Rule 111-2-2-.06(2).

Determining Completeness

Please note the completeness requirements for all applications may be found at Rule 111-2-2-.06(5). Expired, deficient, or invalid information will not be accepted as documentation for the purposes of deeming an application complete.

Letters of Determination

The Department will require that a determination request be submitted for any proposed activity that may be exempt under O.C.G.A. § 31-6-1 et seq. Such requests will be accepted only on the Department's form with the required filing fee of \$250.00. Requests for confirmation of the exemption for equipment below the threshold shall continue to be submitted using the Request for Letter of Non-Reviewability Form until further notice and will also require a \$250.00 filing fee. Note: Requests for confirmation of the exemptions for a single specialty ambulatory surgical center or a joint venture ambulatory surgical center below the threshold require a \$250.00 filing fee.

Requirements for Verification of Lawful Presence within the United States

The Department will no longer require information relating to this topic for Certificate of Need applications.

Periodic Reporting Requirements

From June 1, 2016 until September 15, 2016, the Department, through the Office of Health Planning, permitted facilities an opportunity to complete outstanding surveys in order to become compliant. Facilities not in compliance after the September deadline received a Notification of Deficiencies which included details regarding the outstanding surveys, where surveys could be completed, and contact information for the Department. To confirm whether your facility has an outstanding survey please contact Steve Cappel, Data Manager, at steve.cappel@dch.gov. To complete a survey, please visit www.georgiahealthdata.info.

CON Thresholds become effective annually on July 1. The current and effective thresholds can be found on the CON Thresholds page.

Special Note

The [Letters of Intent](#) section of the Tracking and Appeals Report provides the date on which the CON Application must be submitted for each potential project. If the CON application is not received on that date, the associated Letter of Intent is considered expired.

Please do not submit Letters of Opposition or Letters of Support prior to the Department's receipt of an actual Certificate of Need application.

LNR Conversion

As of June 1, 2016, absent the proposed undertaking of a reviewable action necessitating prior CON review and approval, the Department will no longer engage in CON review of facilities in possession of an LNR.

DET Review

Pursuant to the Department's adoption of the Facility Guidelines Institute 2018 physical plant updates on April 15, 2018, effective August 1, 2018, the Office of Health Planning will no longer engage in the review or issuance of letters of determination regarding the applicability of the CON laws to those freestanding facilities seeking to perform procedures outside of either an operating room environment or a dedicated non-sterile endoscopy room as they categorically do not meet the definition of a reviewable ambulatory surgical or obstetrical facility.
