Any person proposing to develop or offer a new institutional health service or health care facility shall, before commencing such activity, submit a letter of intent and an application to the department and obtain a certificate of need in the manner provided in this chapter unless such activity is excluded from the scope of this chapter.

O.C.G.A. § 31-6-43(a) further provides that:

At least 30 days prior to submitting an application for a certificate of need for clinical health services, a person shall submit a letter of intent to the department. The department shall provide by rule a process for submitting letters of intent and a mechanism by which applications may be filed to compete with and be reviewed comparatively with proposals described in submitted letters of intent.

Note: No CON application will be accepted without a previously filed Letter of Intent. The CON application must be submitted no later than 30 days after the Letter of Intent has been received by the Department.

### **Instructions for Organization of Appendices**

**Appendices** in the application must be separated by **dividing sheets** upon submission to the Office of Health Planning.

For Appendices with multiple documents, each document in that specific appendix must be separated by a **light-colored** dividing sheet containing the name of the document which follows the dividing sheet.

These instructions are listed on Page iv of the CON application form. Compliance with these instructions is required pursuant to Rule 111-2-2-.06(2).

Such requests will be accepted only on the Department's form with the required filing fee of \$500.00. ## Requirements for Verification of Lawful Presence within the United States

The Department will no longer require information relating to this topic for Certificate of Need applications.

## Periodic Reporting Requirements

From June 1, 2016 until September 15, 2016, the Department, through the Office of Health Planning, permitted facilities an opportunity to complete outstanding surveys in order to become compliant. Facilities not in compliance after the September deadline received a Notification of Deficiencies which included details regarding the outstanding surveys, where surveys could be completed, and contact information for the Department. To confirm whether your facility has an outstanding survey please contact Steve Cappel, Data Manager, at [steve.cappel@dch.gov](mailto:steve.cappel@dch.gov). To complete a survey, please visit [www.georgiahealthdata.info](http://www.georgiahealthdata.info).

## DET Review, generally

Pursuant to the Department's adoption of the Facility Guidelines Institute 2018 physical plant updates on April 15, 2018, effective August 1, 2018, the Office of Health Planning will no longer engage in the review or issuance of letters of determination regarding the applicability of the CON laws to those freestanding facilities seeking to perform procedures outside of either an operating room environment or a dedicated non-sterile endoscopy room as they categorically do not meet the definition of a reviewable ambulatory surgical or obstetrical facility.
