

PUBLIC NOTICE

Pursuant to 42 C.F.R. § 447.205, the Georgia Department of Community Health is required to give public notice of any significant proposed change in its methods and standards for setting services benefits and payment rates for services.

Community Behavioral Health Rehabilitation Services (CBHRS) State Plan Amendment

In calendar year 2023 DCH, in collaboration with the Department of Behavioral Health & Developmental Disabilities and the Community Behavioral Health Rehabilitation Services (CBHRS) provider network, underwent a comprehensive rate study process to establish a current cost-based, reimbursement rate across all services.

Pending approval by the Centers for Medicare and Medicaid Services (CMS) and the Department of Community Health (DCH) Board, the following modifications are proposed to the state’s CBHRS:

- Update accreditation language for its Administrative Services Organization (ASO);
- Add Community Health Workers (CHW) to the list of accepted practitioners who provide rehabilitation and skills training services under the qualified agency structure; and
- Modify rates in accordance with the most recent Medicaid rate study (Table A).
