## INTRODUCTION

The Georgia Conrad State 30 J-1 Visa Waiver Program (GA 30) affords international medical graduates (IMGs) on J-1 visas the opportunity to waive their two-year home-country physical presence requirement in exchange for three years of medical service to patients in or from medically underserved areas. The Georgia Department of Community Health, State Office of Rural Health (SORH) is the designated state health agency responsible for Conrad State 30 waiver requests in Georgia. The Georgia Department of Community Health (DCH) is dedicated to providing Georgians with access to affordable, quality health care through effective planning, purchasing, and oversight. As an office within DCH, SORH works to improve access to health care and reduce health status disparities in the state's underserved areas.

Certain J-1 exchange visitors, including those receiving graduate medical training, are subject to a two-year home-country physical presence requirement that requires the J-1 to return to their home country or country of legal permanent residence at the time of receiving J-1 status for at least two years at the end of their exchange visitor program. This is also known as the foreign residence requirement under U.S. law, Immigration and Nationality Act, Section 212(e), as amended, and Title 22 Part 40 and Part 41 in the Code of Federal Regulations.

Exchange visitors who are subject to the two-year home-country physical presence requirement but are unable to fulfill the requirement may apply to the U.S. Department of State (DOS), Waiver Review Division for a recommendation that the Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) grant a waiver of the requirement under any one of the five applicable bases set forth in U.S. law, including a request by a designated state public health department or its equivalent (Conrad State 30 Program). J-1 visa waivers granted under the Conrad State 30 Program are subject to Section 214(l) of the Immigration and Nationality Act, as amended.

**NOTE:** The waiver of the J-1 two-year home-country physical presence requirement is not a visa classification. J-1 waiver physicians must also successfully apply for an H-1B visa in order to legally work in the U.S.

## PROGRAM OVERVIEW

The Georgia Conrad State 30 J-1 Visa Waiver Program may recommend up to 30 waivers per federal fiscal year (October 1 – September 30) to address the shortage of qualified physicians in the state's medically underserved areas. Waiver support in Georgia is based on, but not limited to: 1) compliance with State and Federal laws and regulations; 2) need for service; 3) community support for the placement; 4) employer's commitment to treating patients regardless of their ability to pay; 5) physician's intent to work long-term in a designated Health Professional Shortage Area (HPSA) or Medically Underserved Area (MUA); and 6) effect of placement on other Georgia programs and policies.

**NOTE:** Waiver support is at the sole discretion of SORH, as is the number of waiver requests supported by SORH for a particular employer, health care facility, or medical discipline.

### **The 30 waiver slots are limited annually as follows:**

SORH will begin accepting applications beginning August 1, 2020 - August 31, 2020. Beginning September 1, 2020, applications will be prioritized in the following order: Primary Care physicians working in a rural county located in a HPSA, MUA, MUP, MHPSA followed by Primary Care physicians working in an urban county located in a HPSA, MUA, MUP or MHPSA. Slots remaining will be filled by Specialist working in a HPSA, MUA or MUP followed by Flex slots. No more than three slots per facility (teaching hospitals are exempt from this limit).

**FLEX 10:** SORH may support up to 10 waivers (of annual 30) for physicians not located in federally-designated shortage areas if they serve patients who reside in federally-designated shortage areas, in accordance with Section 2302, Public Law 108-441, as amended. Non-designated "flex" waiver requests are considered on a case-by-case basis; however, priority is extended to requests for designated shortage areas (HPSAs/MUAs). Flex applicants must supply documentation that 30 percent of patients are from primary care HPSA or MUA/P.

**NOTE:** J-1 waiver service time in a flex/non-designated area cannot be applied toward the five-year National Interest Waiver (NIW) service requirement.

## **APPLICATION GUIDELINES**

SORH accepts GA 30 applications annually beginning September 1 until all 30 slots are filled or the next program year cycle begins. Applications are reviewed on a first come, first served basis, while allowing priority to be extended to sites in areas with the greatest need for access to medical care. Applications received after all 30 slots are filled for a particular year cycle will be returned to applicant, and the applicant may reapply once the next year cycle begins.

Complete applications are reviewed by SORH and, upon favorable review, recommended to DOS within 30 days. Upon favorable review by DOS, applications are forwarded to USCIS for final approval or denial. Information on DOS and USCIS review processes can be found on the agencies' websites (see **RESOURCES AND LINKS**, p.11). Incomplete applications will be held without review until SORH receives all required documentation or, in certain cases, returned to applicant for revision and resubmission. Applications that are not recommended by SORH will be returned to applicant with a letter of denial.

**NOTE:** Submission of a waiver application to SORH does not guarantee support by SORH; nor does support by SORH guarantee final waiver approval by DOS/USCIS.

### **DEPARTMENT OF STATE CASE FILE NUMBER**

Prior to submitting a J-1 visa waiver application to SORH, DOS requires that the physician/applicant complete an online data sheet DS-3035 application. Completing the online application will reserve a Case File Number and generate a bar-coded data sheet that is required in order to process the J-1 visa waiver recommendation application. This Case File Number must appear on the bottom right corner of every page of the application packet submitted to SORH. (see **RESOURCES AND LINKS**, p.11 – U.S. DEPARTMENT OF STATE, INSTRUCTIONS).

**NOTE:** SORH will only review completed applications with an established Case File Number listed on the bottom right corner of every page of application packet.

J-1 physicians are obligated to keep SORH informed of current practice and residential addresses and contact information throughout the three-year period, as well as a forwarding address upon completion of the program.

**NOTE:** Failure to comply with the program's reporting policy may result in a report of noncompliance to USCIS for the J-1 physician and jeopardize the employer's eligibility for future participation in the program.

USCIS and SORH must be notified prior to any material change in the terms and conditions of the J-1 physician's H-1B employment.

**NOTE:** USCIS will approve transfers to a new employer only under certain extenuating circumstances. It is the responsibility of the J-1 physician and employer to ensure compliance with all USCIS regulations, including the filing of a new H-1B petition.

The J-1 waiver physician must submit a formal request for waiver transfer to SORH and receive written approval prior to changing employer and/or practice site(s). Upon favorable review of the request, SORH will send a letter of support for the transfer to USCIS, with a copy to petitioner, within 30 days of receipt of the request. SORH will consider transfer requests according to the guidelines listed below. SORH will not review a transfer request without a letter of release from the original employer unless the employment contract has been legally terminated.

Upon approval of the transfer, the J-1 physician and new employer must submit a completed Placement Verification Form (APPENDIX G) to SORH within 30 days after new employment commences. ## **PROGRAM NOTICES**

The Georgia J-1 Visa Waiver Program is designed to be consistent with the laws, regulations, health care programs, and policies of the State of Georgia, DOS, and USCIS and is not intended to replace a viable search for a graduate of an accredited U.S. medical school.

SORH's participation in the Conrad State 30 Program is completely discretionary and voluntary, and the Georgia Conrad State 30 J-1 Visa Waiver Program and Policy may be modified or terminated at any time.

SORH is responsible for interpretation of this Policy and reserves the right to recommend or deny any request for a waiver. Submission of a waiver application to SORH does not guarantee support by SORH; nor does support by SORH guarantee final waiver approval by DOS/USCIS.

Physicians admitted to the Georgia Conrad State 30 J-1 Visa Waiver Program and their sponsoring employers are expected to comply with this Policy in its entirety. Failure to uphold this Policy may result in a report of noncompliance to USCIS for the J-1 physician and jeopardize the employer's eligibility for future participation in the program.

2. I understand and acknowledge that SORH's participation in the Conrad State 30 Program is completely discretionary and voluntary, and the Georgia J-1 Visa Waiver Program and Policy may be modified or terminated at any time. I further understand and acknowledge that SORH reserves the right to recommend or deny any request for a waiver and that in the event a decision is made not to grant my request, I hold harmless the Department of Community Health, State Office of Rural Health, and any and all Department of Community Health employees, agents and assigns from any action or lack of action made in connection with this request.

or
\_\_\_\_\_ Copy of "No Objection" statement is attached

4. I agree to provide primary medical care, mental health care, or sub-specialty medical care services for a minimum of forty (40) hours per week (or 80 hours per two-week period) at the SORH-approved site(s) for a term of at least three (3) years, commencing not later than ninety (90) days after I receive notification of waiver approval by the United States Citizenship and Immigration Services (USCIS).

6. I agree to not discriminate in the provision of services to an individual (i) because the individual is unable to pay; (ii) because payment for those services would be made under Medicare or Medicaid/PeachCare for Kids®; or (iii) based upon the individual's race, color, sex, national origin, disability, religion, age, or sexual orientation;

a) I agree to charge indigent patients on a sliding discounted fee schedule based on current federal poverty guidelines and post notice of availability where patients can easily see it;
