

GEORGIA DEPARTMENT
OF COMMUNITY HEALTH

It's Time to Opt-In GaHIN Lab Reports Service

Bonnie Young
DCH OIT – Health Information Technology

January 22, 2020

Mission:

The mission of the Department of Community Health is to provide access to affordable, quality health care to Georgians through effective planning, purchasing, and oversight.

Partnering for Success

The Department of Community Health and the Georgia Health Information Network (GaHIN) work closely to ensure that providers and caregivers can access patient health information at the point of care to optimize outcomes and reduce costs.

GAMMIS Online User Training

We have developed training on the simple steps needed to sign up to access GaHIN as well as how to navigate within the electronic record

- Part 1 – accepting the Terms and Conditions required prior to access
- Part 2 – primary functions and navigation within the GAMMIS Clinical Viewer

<https://ibmwh.adobeconnect.com/gammis-training>

You must have an active, authorized GAMMIS login and accept the terms and conditions (one time) prior to gaining access to GaHIN data

Note: Your facility may block streaming content on the internet, including content streaming from the truenhealth.com domain. In this case, you will need to contact your IT Team for information on how to access streaming content.

GaHIN – Georgia's Statewide Health Information Exchange

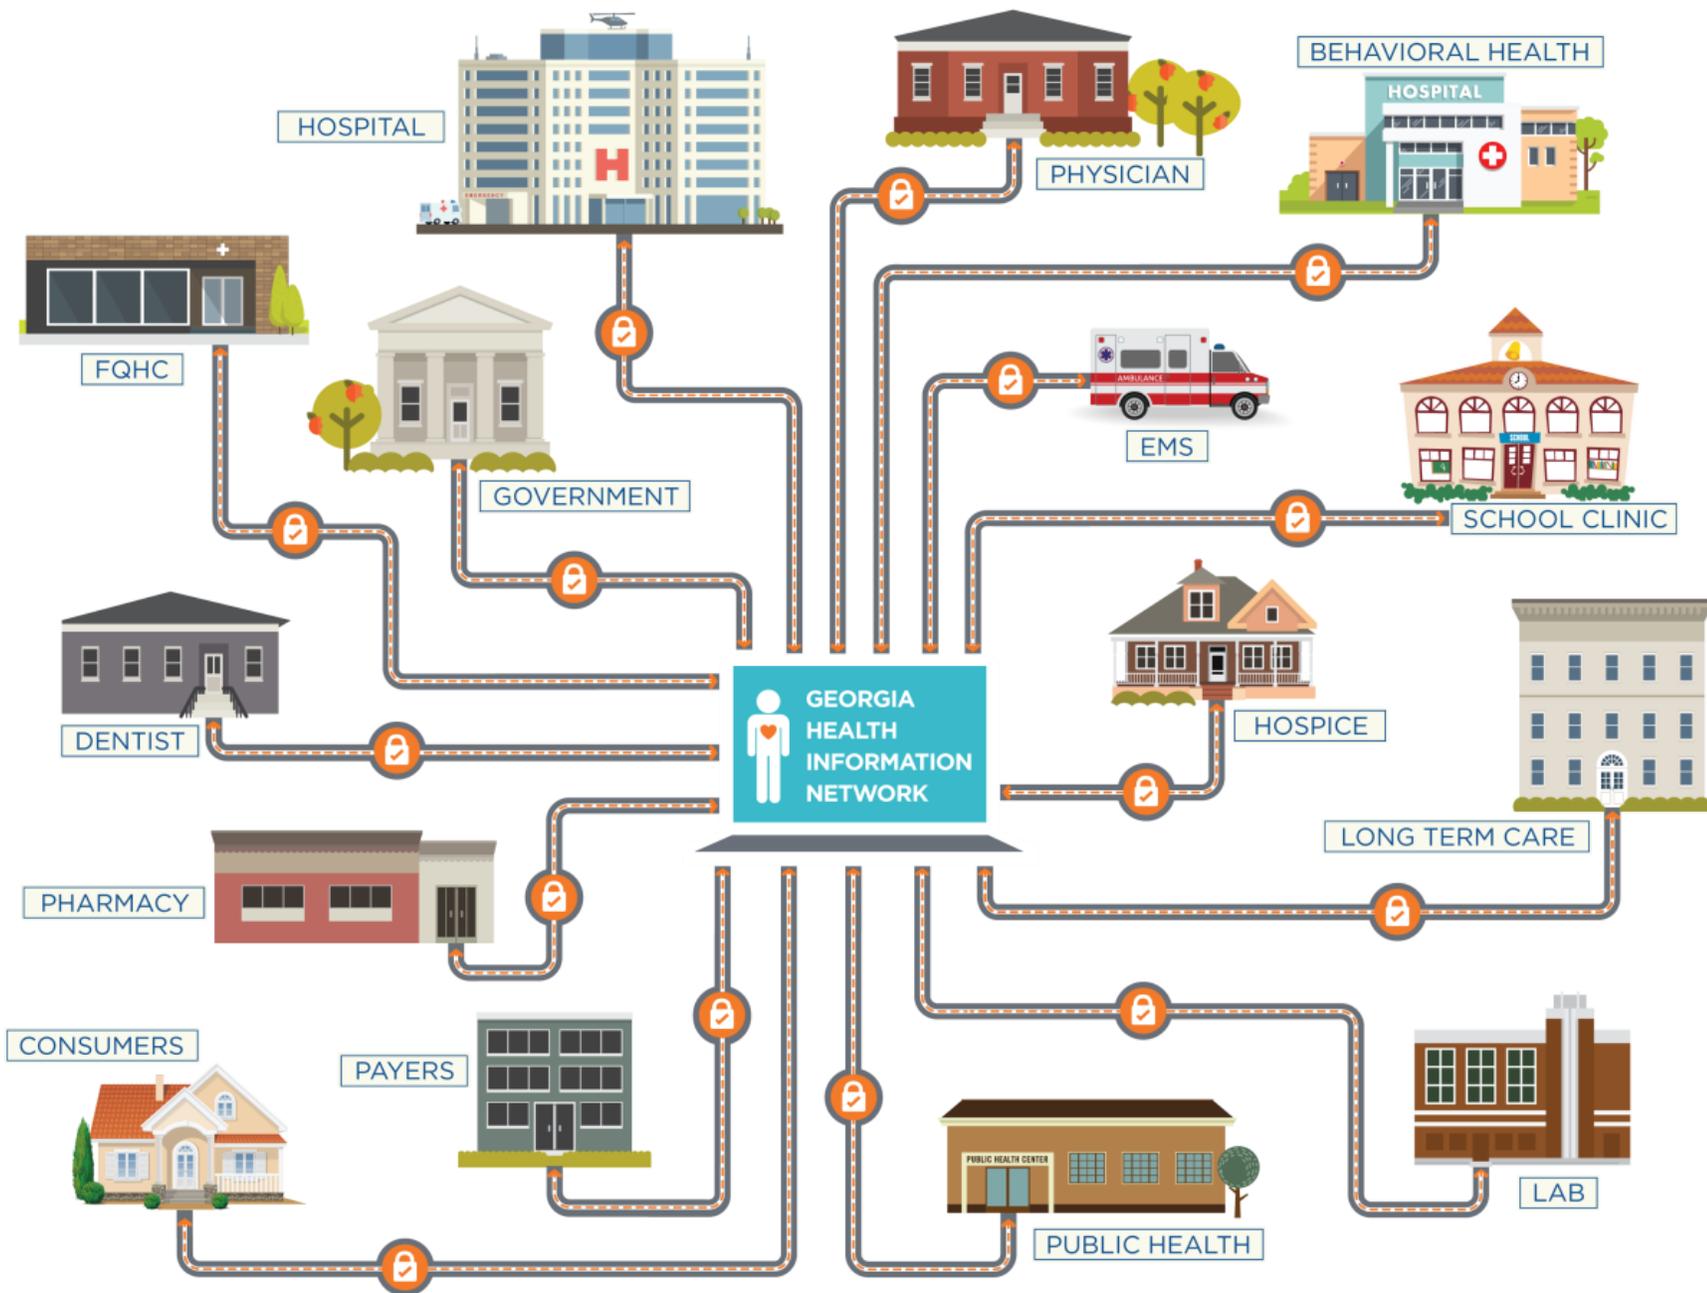

Georgia Health Information Network (GaHIN)

GaHIN is Georgia's state-designated Health Information Exchange (HIE)

Dedicated to **creating a healthier Georgia** through the use and exchange of electronic health information

- Advance patient-centered healthcare
- Increase efficiency
- Improve the health of the state's entire population

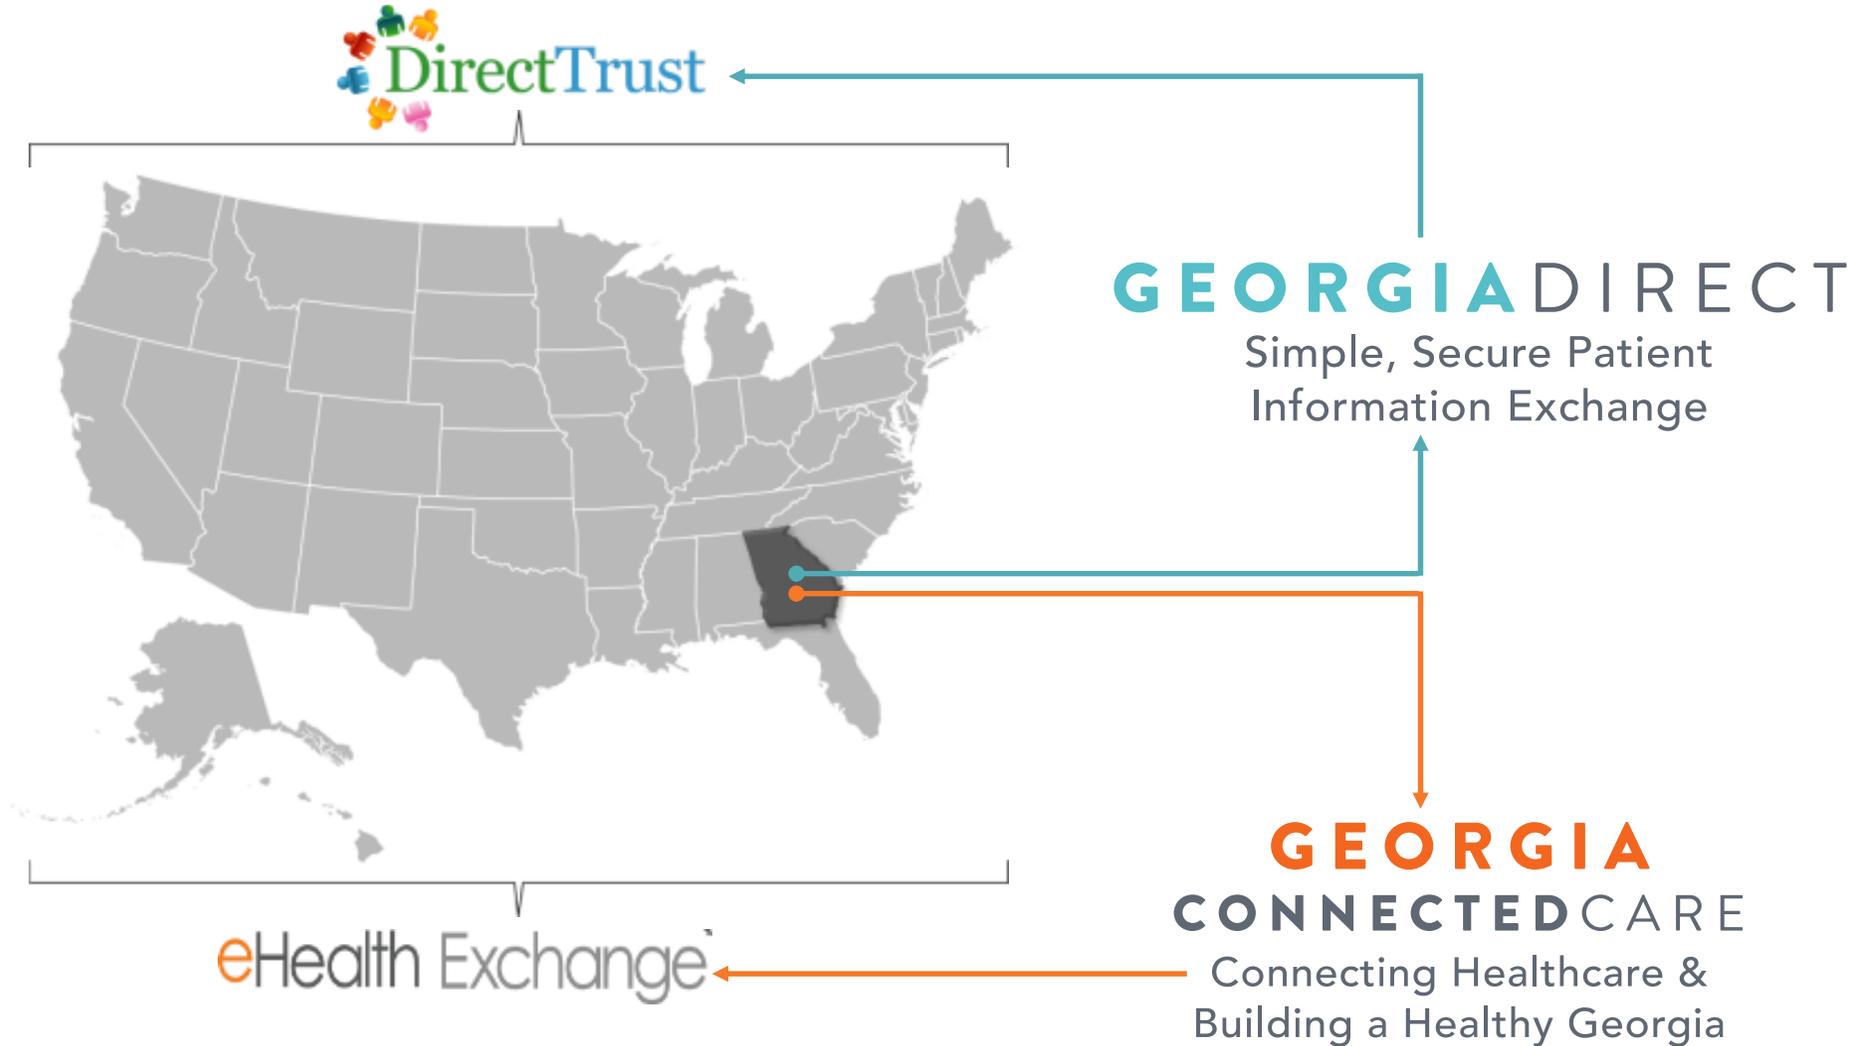

Creating a Statewide Electronic Network

GaHIN Products and Services

Connecting Georgia

GEORGIA DIRECT

Basic Data Exchange

Free email messaging service to securely send patient health information to other authorized healthcare professionals

2019 Totals (through November)

- 1,003,869 send & receive transactions
 - 2018 – 747,960 Direct transactions
- 6,443 registered providers
- 356 member organizations

Connecting Georgia

Robust Integrated Patient Search (Query)

Providers can use their EHR to quickly access patient health data from hospitals, physician practices, state health systems and much more

2019 Totals (through November)

- ~14,641 connected providers
- 3,529,273 queries
 - 2018 – 2,388,290 queries
- 36,214,017 MPI records

It's Time to Opt-In – GaHIN's Lab Reports Service

Accessing Lab Results Through GaHIN

Past

- GeorgiaDirect secure email transmission of lab results between providers
- Incorporation in CCD/longitudinal patient record

Today

- Lab results available online with Quest, one of Georgia's largest lab services providers

Future

- Integration with LabCorp
- Connections with independent labs

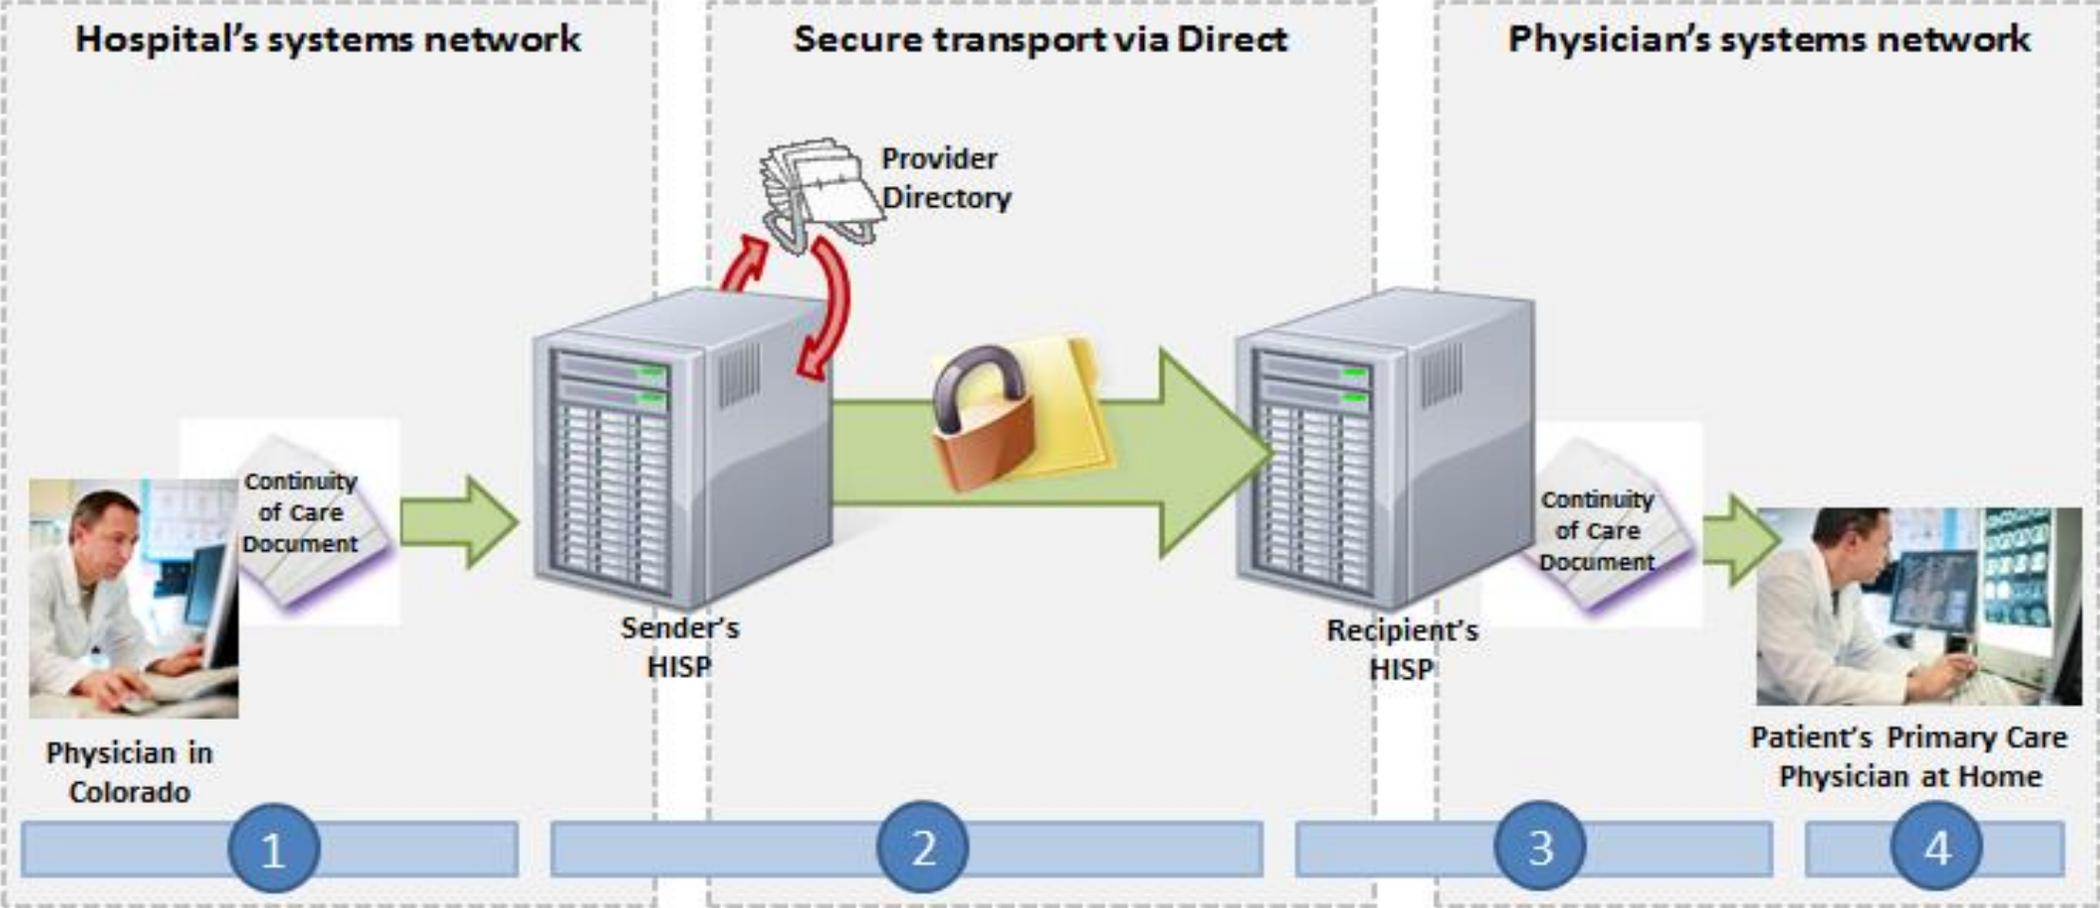

Using GeorgiaDirect to Share Lab Results

- A patient visits his primary care physician for a routine visit
- The primary care physician determines that lab work should be performed, so the patient schedules an appointment with a local reference lab
- Once the lab tests have been completed, the reference lab uses secure email to electronically deliver the lab results to the primary care physician

Using GeorgiaDirect to Share Lab Results

Searching Electronic Patient Information

- Georgia ConnectedCare offers access to comprehensive patient information, including CCDs and longitudinal patient data

The screenshot displays the Georgia ConnectedCare interface for patient Helen Demoski. The top navigation bar includes 'Dashboard', 'Census', and 'My Patients', with a search icon and the user 'addinician'. The patient's name 'Demoski, Helen' is shown with a dropdown arrow. Patient details include 'Age / Gender: 26 Female', 'DOB: 8/27/1987', 'MRN: N/A', 'Allergies: N/A', and 'Unit Room: N/A'. A horizontal menu below the patient details contains 'Dashboard', 'Summary', 'Reports', 'Labs', and 'Lab Reports', with 'Labs' and 'Lab Reports' highlighted by an orange box. On the left, a 'Hierarchy Options' panel shows 'Select Hierarchy: Default', 'Delete Selected Hierarchy', and 'Add New Hierarchy'. The main area features a timeline with dates 11/3 and 11/4, and navigation buttons: 'First Cols', 'Prev Cols', 'Shift Col', 'Date: [input]', 'Search', 'Shift Col', 'Next Cols', and 'Last Cols'. At the bottom, it states 'Showing columns 1-5 of 5 (11/3/2013 04:25 to 11/5/2013 23:32)'. A logo is visible in the bottom right corner.

But What If a Provider Doesn't Have Access to the CCD?

Applies to providers who:

- X** May not have an EHR
- X** May not have access to GaHIN
- X** May be able to access GaHIN but not contribute
- X** May be in another state

Making a Copy of Lab Results Available

- You receive results on the lab tests you have ordered
- A copy of your patient's lab results are placed into a new GaHIN searchable database
 - GaHIN indexes patient data – the data remains with the original provider
 - Patient data is compiled when a query is submitted
 - This is the first time GaHIN has stored data

Why Participate?

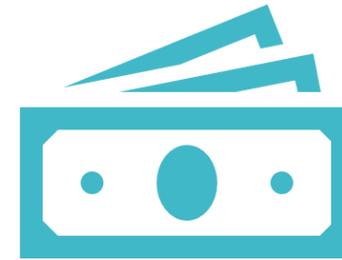

It takes just five minutes to opt in to share your patients' lab reports, but the impact is long lasting

Saves time – your staff doesn't have to search and forward lab reports through GeorgiaDirect, mail or fax

Increases patient satisfaction – patient doesn't have to pick up and hand deliver results to another physician

Reduces costs by eliminating unnecessary and redundant testing

How to Opt In – Online

1. Go to the GaHIN website
2. Locate the authorization page
3. Read the Terms of Use

GEORGIA HEALTH INFORMATION NETWORK

Join GaHIN Products & Services Who We Serve About Us News & Events Resources Contact Us

Electronic Lab Results Provider Authorization

Sharing your patients' lab results gives other providers the information they need to deliver better care while also eliminating duplicate tests and lowering healthcare costs.

It just takes a few minutes to opt-in to allow Quest Diagnostics to share a copy of your patients' lab results with GaHIN. Please review the following terms of use and complete the e-sign Provider Consent Form [below](#) or [download a PDF](#) to print and submit.

Terms of Use:

Lab Connectivity Terms of Use. These terms of use are a legal agreement between the medical practice identified below (hereinafter referred to as "Participant") and Quest Diagnostics Incorporated and its subsidiaries (hereinafter referred to as "Quest") governing your receipt of lab results provided by Quest to GAHIN Exchange Sub I, LLC ("GaHIN Sub") and made available to Participant through the health information exchange ("Exchange") provided by Georgia Health Information Network, Inc. ("GaHIN"). As used in this Agreement, the term "Participant" includes all ordering physicians or other persons in the practice that are authorized to order laboratory tests under applicable laws, rules and regulations.

Results. Quest shall arrange with GaHIN Sub for the installation of a Uni-Directional Interface which allows Quest to electronically transmit patient test results (copy only) to a repository hosted by GaHIN Sub, which will make such test results available for retrieval via the Exchange. By signing this Agreement, Participant acknowledges and authorizes Quest to transmit result reports to GaHIN Sub for the purpose of making such results available for retrieval via the Exchange in this manner and based upon Participant's relationship with the Exchange.

Sharing of Data. By agreeing to these terms of use, Participant directs Quest to submit laboratory tests results to GaHIN Sub for the purpose of making such results available for retrieval via the Exchange. Participant acknowledges that other practices and persons participating in the Exchange will have access to such results and other information. All terms related to participation in the Exchange, and for any permitted use or access of such data, are solely between Participant and GaHIN. Quest assumes no responsibility for how information is used once submitted to GaHIN Sub, and Participant shall indemnify, defend and hold Quest harmless from and against any claims of any inappropriate use or release of information.

No Supplies or Equipment. Quest is not providing any supplies or equipment under this agreement. Participant is responsible for arranging separately for all hardware, software, services, items, devices, or supplies necessary for Participant to connect to the Exchange. Likewise, Participant shall be responsible for all maintenance, support and service fees which are related to Participant's system and to connection to the Exchange.

Compliance with All Laws and Restricted Use. It is the intent of the parties hereto to comply with all federal, state and local statutes, regulations and ordinances, including but not limited to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), Section 1877 of the Social Security Act (commonly known as the "Stark Provisions") and the anti-kickback provisions set forth in the fraud and abuse sections of 42 U.S.C. 1320(a), as well as and any regulations issued thereunder and any applicable similar state laws and regulations. The parties agree that pursuant to this Agreement, Quest shall only provide items, devices, or supplies that are used solely to order or communicate the results of, tests or procedures provided for Participant, and that any benefit, consideration or remuneration conferred upon Participant by virtue of this Agreement is not conditioned upon the referral of Medicare or Medicaid testing to Quest.

Warranty/Liability. The connection from Quest to GaHIN Sub is provided on an "as-is" and "as-available" basis. Quest disclaims any and all warranties with regard to the connection from Quest to GaHIN Sub or the Exchange. In no event will Quest be liable for incidental, consequential, special or indirect damages. In jurisdictions limiting the effect of such a limitation, Quest's liability is limited to the greatest extent permitted by law. Quest shall not be responsible for any claim in connection with the establishment or performance of the Exchange, nor for how any person may use the data once submitted to the Exchange. Participant hereby expressly releases Quest and agrees to indemnify and hold Quest harmless from any and all claims, including any and all claims for property damage, personal injuries and/or consequential, punitive or other damages which arise, or are alleged to have arisen, in connection with the establishment, operation or functioning of the Exchange.

Term and Termination. Either Party may terminate this agreement at any time upon 15 days' notice.

How to Opt In – Online

4. Fill out the form at the bottom of the page

How to Opt In – Paper

- If you prefer to sign up via mail or email, you can print out a PDF version of the form and email it to GaHIN
- The PDF, email address and mail address are available on the GaHIN site

Accessing Lab Data

- Access the copy of the patient's lab test results (provided by Quest Diagnostics) through the GaHIN Clinical Viewer
- The lab test results provided by Quest Diagnostics are identified by report header information as shown below:

The screenshot displays the GaHIN Clinical Viewer interface. At the top, there is a navigation bar with 'My Patient Lists', 'Analytics', and 'Administration' tabs, along with a search bar and a user profile for 'User: tracitester'. The main header shows the patient's name 'Test, Communication P' and demographic information: 'Age / Gender 31 Male', 'DOB 01/01/1988', and 'MRN N/A'. The 'Georgia ConnectedCare' logo is visible in the top right corner.

The interface is divided into several sections. On the left, there is a 'Reports' sidebar with a search bar and a list of reports under 'ALL REPORTS'. The main content area shows a 'Quest Diagnostics Patient Summary' report, which is circled in red. The report header includes the title 'Quest Diagnostics Patient Summary Document' and the creation date 'Created on December 4, 2019'. Below the header, there is a table with patient information:

Patient	COMMUNICATION TEST	Birthdate	January 1, 1988	Race	
Patient ID	3081233	Sex	Male	Ethnicity	Information not available
Address	, ,	Care Team Member(s)		Guardian	Next of Kin
		Other Caregivers(s)		Emergency Contact	

At the bottom of the report, there is a 'Table of Contents' section with the following items:

- Problem list
- Allergies and adverse reactions
- Relevant diagnostic tests (lab test results)

Sample Lab Report – Available Online and Downloadable

Summary

- Proven value – clinical and financial – in sharing lab results
 - Speeds care delivery based on comprehensive patient information
 - Reduces need for duplicate testing
- In Georgia, electronic sharing already available
 - GeorgiaDirect
 - Georgia ConnectedCare
- Now connected to Quest for additional electronic sharing
 - Opt in now to share copies of your patients' Quest lab results
 - Next steps will be connecting to LabCorp and independent labs

**Please participate in the brief survey
following this webinar.**

Future Webinars

Webinars are usually held on the fourth Wednesday of the month at 11:30 AM

Feb 26 **How Grady Is Using GaHIN to Improve Care**

March 25 **Balancing Privacy and Access in Digital Health**

April 22 **Accessing GaHIN through GAMMIS** (begins at 11:00)

May 27 **Digital Health Trends – Insights from HIMSS20**
