Such requests will be accepted only on the Department's Determination Request form with the required filing fee of \$250. Note: Requests for confirmation of the exemptions for a single specialty ambulatory surgical center or a joint venture ambulatory surgical center and equipment below the threshold are considered requests for a Letter of Nonreviewability ("LNR") and require a \$500 filing fee.

Requirements for Verification of Lawful Presence within the United States

The Department will no longer require information relating to this topic for Certificate of Need applications.

Periodic Reporting Requirements

From June 1, 2016 until September 15, 2016, the Department, through the Office of Health Planning, permitted facilities an opportunity to complete outstanding surveys in order to become compliant. Facilities not in compliance after the September deadline received a Notification of Deficiencies which included details regarding the outstanding surveys, where surveys could be completed, and contact information for the Department. To confirm whether your facility has an outstanding survey please visit www.georgiamap2care.info To complete a survey, please visit www.georgiahealthdata.info.

CON Thresholds become effective annually on July 1. The current and effective thresholds can be found on the CON Thresholds page.

Pursuant to the Department's adoption of the Facility Guidelines Institute 2018 physical plant updates on April 15, 2018, effective August 1, 2018, the Office of Health Planning will no longer engage in the review or issuance of letters of determination regarding the applicability of the CON laws to those freestanding facilities seeking to perform procedures outside of either an operating room environment or a dedicated non-sterile endoscopy room as they categorically do not meet the definition of a reviewable ambulatory surgical or obstetrical facility.
