## Managed Care Program Annual Report (MCPAR) for Georgia: Georgia Families

Due date Last edited		Edited by	Status
12/27/2023	12/27/2023	Stephen Fader	Submitted
	Indicator	Response	
	Exclusion of CHIP from MCPAR	Not Selected	
Enrollees in separate CHIP programs funded under Title XXI should not be reported in the MCPAR. Please check this box if the state is unable to remove information about Separate CHIP enrollees from its reporting on this program.			

## **Point of Contact**

Find in the Excel Workbook
A\_Program\_Info

Number	Indicator	Response
A1	State name	Georgia
	Auto-populated from your account profile.	
A2a	Contact name	Marvis Butler
	First and last name of the contact person. States that do not wish to list a specific individual on the report are encouraged to use a department or program-wide email address that will allow anyone with questions to quickly reach someone who can provide answers.	
A2b	Contact email address	mabutler@dch.ga.gov
	Enter email address. Department or program-wide email addresses ok.	
A3a	Submitter name	Stephen Fader
	CMS receives this data upon submission of this MCPAR report.	
A3b	Submitter email address	<u>sfader@mslc.com</u>
	CMS receives this data upon submission of this MCPAR report.	
A4	Date of report submission	12/27/2023
	CMS receives this date upon submission of this MCPAR report.	

## **Reporting Period**

Find in the Excel Workbook **A\_Program\_Info** 

Number	Indicator	Response
A5a	Reporting period start date	07/01/2022
	Auto-populated from report dashboard.	
A5b	Reporting period end date	06/30/2023
	Auto-populated from report dashboard.	
A6	Program name	Georgia Families
	Auto-populated from report dashboard.	

## Add plans (A.7)

Enter the name of each plan that participates in the program for which the state is reporting data.

Find in the Excel Workbook **A\_Program\_Info** 

Indicator	Response	
Plan name	Amerigroup Community Care	
	CareSource Georgia	
	Peach State Health Plan	

### Add BSS entities (A.8)

Enter the names of Beneficiary Support System (BSS) entities that support enrollees in the program for which the state is reporting data. Learn more about BSS entities at 42 CFR 438.71. See Glossary in Excel Workbook for the definition of BSS entities.

Examples of BSS entity types include a: State or Local Government Entity, Ombudsman Program, State Health Insurance Program (SHIP), Aging and Disability Resource Network (ADRN), Center for Indepedent Living (CIL), Legal Assistance Organization, Community-based Organization, Subcontractor, Enrollment Broker, Consultant, or Academic/Research Organization.

BSS entity name	Gainwell

## **Topic I. Program Characteristics and Enrollment**

Find in the Excel Workbook **B** State

Number	Indicator	Response
BI.1	Statewide Medicaid enrollment	2,599,963
	Enter the average number of individuals enrolled in Medicaid per month during the reporting year (i.e., average member months). Include all FFS and managed care enrollees and count each person only once, regardless of the delivery system(s) in which they are enrolled.	
BI.2	Statewide Medicaid managed care enrollment	2,251,883
	Enter the average number of individuals enrolled in any type of Medicaid managed care per month during the reporting year (i.e., average member months). Include all managed care programs and count each person only once, even if they are enrolled in multiple managed care programs or plans.	

## Topic III. Encounter Data Report

Find in the Excel Workbook
B\_State

BIII.1	Data validation entity	State Medicaid agency staff
	Select the state agency/division or contractor tasked with	EQRO
	evaluating the validity of encounter data submitted by MCPs. Encounter data validation includes verifying the accuracy, completeness, timeliness, and/or consistency of encounter data records submitted to the state by Medicaid managed care plans. Validation steps may include pre-acceptance edits and post- acceptance analyses. See Glossary in Excel Workbook for more information.	Other third-party vendor

## **Topic X: Program Integrity**

Find in the Excel Workbook **B\_State** 

of reporting?

The regulations at 438.604(a)

Number	Indicator	Response
BX.1	Payment risks between the state and plans Describe service-specific or other focused PI activities that the state conducted during the past year in this managed care program. Examples include analyses focused on use of long-term services and supports (LTSS) or prescription drugs or activities that focused on specific payment issues to identify, address, and prevent fraud, waste or abuse. Consider data analytics, reviews of under/overutilization, and other activities.	None during the fiscal year due to the PHE. However, our contractor, Health Services Advisory Group (HSAG), performed the 2023 External Quality Review for Protocols 1, 2, 3, and 6. Additionally, our contractor, Myers and Stauffer, performed encounter data oversight activities.
BX.2	<b>Contract standard for</b> <b>overpayments</b> Does the state allow plans to retain overpayments, require the return of overpayments, or has established a hybrid system? Select one.	State requires the return of overpayments
BX.3	Location of contract provision stating overpayment standard Describe where the overpayment standard in the previous indicator is located in plan contracts, as required by 42 CFR 438.608(d)(1)(i).	Sections 29.2.1 and 33.1
BX.4	Description of overpayment contract standard Briefly describe the overpayment standard (for example, details on whether the state allows plans to retain overpayments, requires the plans to return overpayments, or administers a hybrid system) selected in indicator B.X.2.	The Contractor assumes responsibility for full compliance with all such applicable laws, regulations, and guidelines, and agrees to fully reimburse DCH for any loss of funds or resources or overpayment resulting from non- compliance by Contractor, its staff, agents or subcontractors, as revealed in audits conducted by or on behalf of DCH.
BX.5	State overpayment reporting monitoring Describe how the state monitors plan performance in reporting overpayments to the state, e.g. does the state track compliance with this requirement and/or timeliness of reporting?	If requested by the provider, and approved by the Department, to the extent that payments can be returned through the claims payment adjustment process, the claims adjustment process will be followed. Otherwise, providers should send refund checks, made payable to "Georgia Department of Community Health" As a mandatory provision of the settlement

a mandatory provision of the settlement

agreement, the Department will require an

	(7), 608(a)(2) and 608(a)(3) require plan reporting to the state on various overpayment pieces (whether annually or promptly). This indicator is asking the state how it monitors that reporting.	audit of the provider within a 12 month period to assure adherence to the CAP.
BX.6	Changes in beneficiary circumstances Describe how the state ensures timely and accurate reconciliation of enrollment files between the state and plans to ensure appropriate payments for enrollees experiencing a change in status (e.g., incarcerated, deceased, switching plans).	DCH or its Agent is responsible for Enrollment, including Disenrollment for Members, education on enrollment options, and outreach activities. The Contractor shall coordinate with DCH and its Agent as necessary for all Enrollment and Disenrollment for Member functions. Daily enrollment change files are monthly master files are provided to the CMOs.
BX.7a	Changes in provider circumstances: Monitoring plans Does the state monitor whether plans report provider "for cause" terminations in a timely manner under 42 CFR 438.608(a)(4)? Select one.	Yes
BX.7b	Changes in provider circumstances: Metrics Does the state use a metric or indicator to assess plan reporting performance? Select one.	Yes
BX.7c	Changes in provider circumstances: Describe metric Describe the metric or indicator that the state uses.	The Contractor shall notify DCH at least forty- five (45) Calendar Days prior to the effective date of the suspension, termination, or withdrawal of a Provider from participation in the Contractor's network. If the termination was "for cause", the Contractor may terminate, suspend, or withdraw the Provider immediately and shall notify DCH in writing within one (1) Business Day of the termination with the reasons for termination. If a Member is receiving ongoing care, the Contractor shall notify DCH at least forty-five (45) Calendar Days prior to the effective date of the suspension, termination, or withdrawal.
BX.8a	<b>Federal database checks:</b> <b>Excluded person or entities</b> During the state's federal database checks, did the state find any person or entity excluded? Select one. Consistent with the requirements at 42 CFR 455.436 and 438.602, the State must confirm the identity and	No

determine the exclusion status of the MCO, PIHP, PAHP, PCCM or PCCM entity, any subcontractor, as well as any

	person with an ownership or control interest, or who is an agent or managing employee of the MCO, PIHP, PAHP, PCCM or PCCM entity through routine checks of Federal databases.	
BX.9a	Website posting of 5 percent or more ownership control	Yes
	Does the state post on its website the names of individuals and entities with 5% or more ownership or control interest in MCOs, PIHPs, PAHPs, PCCMs and PCCM entities and subcontractors? Refer to §455.104 and required by 42 CFR 438.602(g)(3).	
BX.9b	Website posting of 5 percent or more ownership control: Link	<u>https://dch.georgia.gov/medicaid-managed-</u> <u>care</u>
	What is the link to the website? Refer to 42 CFR 602(g)(3).	
BX.10	Periodic audits	https://dch.georgia.gov/medicaid-managed-
	If the state conducted any audits during the contract year to determine the accuracy, truthfulness, and completeness of the encounter and financial	care

## **Topic I: Program Characteristics**

Find in the Excel Workbook
C1\_Program\_Set

Number	Indicator	Response
C1I.1	<b>Program</b> <b>contract</b> Enter the title of the contract between the state and plans participating in the managed care program.	STATE OF GEORGIA CONTRACT BETWEEN THE GEORGIA DEPARTMENT OF COMMUNITY HEALTH AND [CONTRACTOR] FOR PROVISION OF SERVICES TO GEORGIA FAMILIES
N/A	Enter the date of the contract between the state and plans participating in the managed care program.	06/27/2005
C1I.2	<b>Contract URL</b> Provide the hyperlink to the model contract or landing page for executed contracts for the program reported in this program.	https://medicaid.georgia.gov/sites/medicaid.georgia.gov/files/related_files/site_page/GF%20Contract%20- %20Generic%20%28002%29.pdf
C1I.3	<b>Program type</b> What is the type of MCPs that contract with the state to provide the services covered under the program? Select one.	Managed Care Organization (MCO)
C1I.4a	Special program benefits Are any of the four special benefit types covered by the managed care program: (1) behavioral health, (2) long-term services and supports, (3) dental, and (4)	Behavioral health Dental

	transportation, or (5) none of the above? Select one or more. Only list the benefit type if it is a covered service as specified in a contract between the state and managed care plans participating in the program. Benefits available to eligible program enrollees via fee-for-service should not be listed here.	
C1I.4b	Variation in special benefits What are any variations in the availability of special benefits within the program (e.g. by service area or population)? Enter "N/A" if not applicable.	N/A
C1I.5	<b>Program</b> <b>enrollment</b> Enter the average number of individuals enrolled in this managed care program per month during the reporting year (i.e., average member months).	1,808,349
C1I.6	Changes to enrollment or benefits Briefly explain any major changes to the population enrolled in or benefits provided by the managed care program	Medicaid eligibility redeterminations resumed following the end of the PHE.

during the reporting year.

#### **Topic III: Encounter Data Report**

Find in the Excel Workbook C1\_Program\_Set

Number	Indicator	Response
C1III.1	Uses of encounter data	Rate setting
	For what purposes does the state use encounter data	Quality/performance measurement
	collected from managed care plans (MCPs)? Select one or more.	Monitoring and reporting
	Federal regulations require that states, through their contracts	Contract oversight
	with MCPs, collect and maintain sufficient enrollee encounter	Program integrity
	data to identify the provider who delivers any item(s) or service(s) to enrollees (42 CFR	Policy making and decision support
	438.242(c)(1)).	Other, specify – The Georgia Families program utilizes Encounter data to determine the adequacy of medical services and to evaluate the Quality of care rendered to Members.
C1III.2	Criteria/measures to evaluate MCP performance	Timeliness of initial data submissions
	What types of measures are	Timeliness of data corrections
	used by the state to evaluate managed care plan performance in encounter data	Timeliness of data certifications
	submission and correction? Select one or more.	Use of correct file formats
	Federal regulations also require that states validate that	Provider ID field complete
	submitted enrollee encounter data they receive is a complete and accurate representation of the services provided to enrollees under the contract between the state and the MCO, PIHP, or PAHP. 42 CFR 438.242(d).	Overall data accuracy (as determined through data validation)
C1III.3	Encounter data performance	Section 4.16.3 Encounter Claims Submission

C1III.3 Encounter data performance criteria contract language

> Provide reference(s) to the contract section(s) that describe the criteria by which managed care plan performance on encounter data submission and correction will be measured. Use contract section references, not page numbers.

Section 4.16.3 Encounter Claims Submission Requirements includes the contract requirements for encounter data submissions. 4.16.3.1 The GF program utilizes Encounter data to determine the adequacy of medical services and to evaluate the Quality of care rendered to Members. DCH will use the following requirements to establish the standards for the submission of data and to measure the compliance of the Contractor to provide timely, complete and accurate information. Encounter data from the Contractor also allows DCH to budget available resources, set Contractor Capitation Rates, monitor Utilization, follow public health trends and detect potential Fraud. Most importantly, it allows DCH to make recommendations that can lead to the improvement of Health Care

		outcomes. 4.17.5.3 The Contractor shall generate Encounter data files no less than weekly (or at a frequency defined by DCH) from its claims management system(s) and/or other sources. The files will contain settled Claims and Claim adjustments and encounters from Providers with whom the Contractor has a capitation arrangement for the most recent month for which all such transactions were completed. The Contractor will provide these files electronically to DCH and/or its designated Agent in adherence to the procedure and format indicated in Attachment K, and as updated thereafter.
C1III.4	<b>Financial penalties contract</b> <b>language</b> Provide reference(s) to the contract section(s) that describes any financial penalties the state may impose on plans for the types of failures to meet encounter data submission and quality standards. Use contract section references, not page numbers.	4.16.3.11 The Contractor's failure to comply with the defined standard(s) will be subject to a Corrective Action Plan and the Contractor may be liable for Liquidated Damages. Section 25.5 details the liquidated damages.
C1III.5	Incentives for encounter data quality Describe the types of incentives that may be awarded to managed care plans for encounter data quality. Reply with "N/A" if the plan does not use incentives to award encounter data quality.	N/A
C1III.6	Barriers to collecting/validating encounter data Describe any barriers to collecting and/or validating managed care plan encounter data that the state has experienced during the reporting period.	Standards for performance measures are constantly being refined and improved which may cause some delay in aligning data validation and EQR reporting.

## **Topic IV. Appeals, State Fair Hearings & Grievances**

Find in the Excel Workbook
C1\_Program\_Set

Number	Indicator	Response
C1IV.1	State's definition of "critical incident," as used for reporting purposes in its MLTSS program	N/A
	If this report is being completed for a managed care program that covers LTSS, what is the definition that the state uses for "critical incidents" within the managed care program? Respond with "N/A" if the managed care program does not cover LTSS.	
C1IV.2	State definition of "timely" resolution for standard appeals	Action: The denial or limited authorization of a requested service, including the type or level of service; the reduction, suspension, or
	Provide the state's definition of timely resolution for standard appeals in the managed care program. Per 42 CFR §438.408(b)(2), states must establish a timeframe for timely resolution of standard appeals that is no longer than 30 calendar days from the day the MCO, PIHP or PAHP receives the appeal.	termination of a previously authorized service; the denial, in whole or part of payment for a service; the failure to provide services in a timely manner; or the failure of the Care Management Organization (CMO) to act within the time frames provided in 42 CFR 438.408(b). 4.14.5.6 The Contractor shall resolve each Administrative Review and provide written notice of the resolution, as expeditiously as the Member's health Condition requires but shall not exceed forty-five (45) Calendar Days from the date the Contractor receives the Administrative Review. For expedited reviews and notice to affected parties, the Contractor has no longer than three (3) Working Days or as expeditiously as the Member's physical or mental health condition requires, whichever is sooner. If the Contractor denies a Member's request for expedited review, it must transfer the Administrative Review to the timeframe for standard resolution specified herein and must make reasonable efforts to give the Member prompt oral notice of the denial, and follow up within two (2) Calendar Days with a written notice. The Contractor shall also make reasonable efforts to provide oral notice for resolution of an expedited review of an Administrative Review.
C1IV.3	State definition of "timely"	Action: The denial or limited authorization of a

#### C1IV.3 State definition of "timely" resolution for expedited appeals

Provide the state's definition of timely resolution for expedited appeals in the managed care program.

Action: The denial or limited authorization of a requested service, including the type or level of service; the reduction, suspension, or termination of a previously authorized service; the denial, in whole or part of payment for a service; the failure to provide services in a Per 42 CFR §438.408(b)(3), states must establish a timeframe for timely resolution of expedited appeals that is no longer than 72 hours after the MCO, PIHP or PAHP receives the appeal.

timely manner; or the failure of the Care Management Organization (CMO) to act within the time frames provided in 42 CFR 438.408(b). 4.14.5.6 The Contractor shall resolve each Administrative Review and provide written notice of the resolution, as expeditiously as the Member's health Condition requires but shall not exceed forty-five (45) Calendar Days from the date the Contractor receives the Administrative Review. For expedited reviews and notice to affected parties, the Contractor has no longer than three (3) Working Days or as expeditiously as the Member's physical or mental health condition requires, whichever is sooner. If the Contractor denies a Member's request for expedited review, it must transfer the Administrative Review to the timeframe for standard resolution specified herein and must make reasonable efforts to give the Member prompt oral notice of the denial, and follow up within two (2) Calendar Days with a written notice. The Contractor shall also make reasonable efforts to provide oral notice for resolution of an expedited review of an Administrative Review.

#### C1IV.4 State definition of "timely" resolution for grievances

Provide the state's definition of timely resolution for grievances in the managed care program. Per 42 CFR §438.408(b)(1), states must establish a timeframe for timely resolution of grievances that is no longer than 90 calendar days from the day the MCO, PIHP or PAHP receives the grievance. 4.14.3.4 The Contractor shall issue disposition of the Grievance as expeditiously as the Member's health Condition requires but such disposition must be completed within ninety (90) Calendar Days of the filing date.

## Topic V. Availability, Accessibility and Network Adequacy

## Network Adequacy

Find in the Excel Workbook
C1\_Program\_Set

Number	Indicator	Response
C1V.1	Gaps/challenges in network adequacy What are the state's biggest challenges? Describe any challenges MCPs have maintaining adequate networks and meeting standards.	The most significant challenge faced by the CMOs involves ensuring that members living in Georgia's rural counties have adequate access to all healthcare provider types as measured by the state's time and distance standards. Currently 120 of the state's 159 counties are classified as rural. Network adequacy reports routinely submitted by the CMOs show that both urban and rural members assigned to the health plans have adequate access to a range of Primary Care, Specialty and Ancillary providers. However, historically, members' access to 24-hour pharmacies as well as access to adult and pediatric clinicians practicing in endocrinology, infectious disease, and rheumatology has consistently remained below the state's 90% threshold in many rural counties. Members' access to Psychiatric Residential Treatment Facilities and Narcotic Treatment Programs is also consistently below the state's access threshold for a significant number of counties. The gaps in access are due to the limited availability of providers practicing in these specialties within the county and in surrounding counties.
C1V.2	State response to gaps in network adequacy How does the state work with MCPs to address gaps in network adequacy?	In counties where members' access to care falls below the minimum threshold, DCH requires that CMOs submit a corrective action plan (CAP) to address the gaps. Where additional providers who practice in the deficient specialty exist in the area, CMOs are required to identify those providers and make attempts to contract. The CAP must include the name and address of the provider being recruited and the anticipated contract date. Compliance staff monitor the CMOs progress in implementing the corrective actions to ensure that the providers who are successfully contracted are subsequently credentialed and loaded into the CMO system in a timely manner. In addition, to facilitate the CMOs efforts to contract, a data file containing providers who have been successfully enrolled in Medicaid through the credentialing verification organization (CVO) process and are available to contract is transmitted to the CMOs on a daily basis. Where gaps in access exist and there are no

providers available to recruit, or where

available providers are unwilling to contract, DCH requires that the CAP include a list of providers located outside the access standard where members can receive care (i.e., covering counties). CMOs must commit to negotiating contracts and single case agreements with willing providers, arrange non-emergency transportation, and/or coordinate telehealth services when necessary to ensure that their assigned members receive care. DCH Compliance staff also review the corrective action plans for these deficiencies to ensure that the CMOs have included a list of covering counties with names of the providers willing to serve their assigned members, where available. DCH engages with the CMOs and the provider community to identify specific issues that could potentially be creating barriers to access, and we revisit our policies. For example, we lifted our requirement for enrolled dentists to have hospital admitting privileges to enroll. That change will most likely increase our supply of dental providers.

## Topic V. Availability, Accessibility and Network Adequacy

#### **Access Measures**

Describe the measures the state uses to monitor availability, accessibility, and network adequacy. Report at the program level.

Revisions to the Medicaid managed care regulations in 2016 and 2020 built on existing requirements that managed care plans maintain provider networks sufficient to ensure adequate access to covered services by: (1) requiring states to develop quantitative network adequacy standards for at least eight specified provider types if covered under the contract, and to make these standards available online; (2) strengthening network adequacy monitoring requirements; and (3) addressing the needs of people with long-term care service needs (42 CFR 438.66; 42 CFR 438.68).

42 CFR 438.66(e) specifies that the MCPAR must provide information on and an assessment of the availability and accessibility of covered services within the MCO, PHIP, or PAHP contracts, including network adequacy standards for each managed care program.

## Topic IX: Beneficiary Support System (BSS)

Find in the Excel Workbook
C1\_Program\_Set

Number	Indicator	Response
C1IX.1	<b>BSS website</b> List the website(s) and/or email address that beneficiaries use to seek assistance from the BSS through electronic means. Separate entries with commas.	https://www.georgia-families.com, https://gateway.ga.gov/access/, https://www.mmis.georgia.gov/portal/PubAccess.Member%20Information/tabld/11/Default.aspx
C1IX.2	BSS auxiliary aids and services How do BSS entities offer services in a manner that is accessible to all beneficiaries who need their services, including beneficiaries with disabilities, as required by 42 CFR 438.71(b)(2))? CFR 438.71 requires that the beneficiary support system be accessible in multiple ways including phone, Internet, in- person, and via auxiliary aids and services when requested.	Telephone, email, and websites. Members with disabilities would use the Georgia Relay line for telephonic assistance, if needed.
C1IX.3	BSS LTSS program data	N/A

How do BSS entities assist the state with identifying,

data

remediating, and resolving systemic issues based on a review of LTSS program data such as grievances and appeals or critical incident data? Refer to 42 CFR 438.71(d)(4).

#### C1IX.4 State

#### evaluation of BSS entity performance

What are steps taken by the state to evaluate the quality, effectiveness, and efficiency of the BSS entities' performance? Monitoring of activities performed by the BSS, review of metrics, and regular meetings. Monthly monitoring of sample calls to the enrollment team by state compliance team.

Topic X: Program Integrity

Find in the Excel Workbook

C1\_Program\_Set

Number	Indicator	Response
C1X.3	Prohibited affiliation disclosure	No
	Did any plans disclose prohibited affiliations? If the state took action, enter those actions under D: Plan-level Indicators, Section VIII - Sanctions (Corresponds with Tab D3 in the Excel Workbook). Refer to 42 CFR 438.610(d).

99.11%

If the state has not yet received

any encounter data file

submissions for the entire contract period when it submits this report, the state should enter here the percentage of encounter data submissions that were compliant out of the file submissions it has received from the managed care plan for the reporting period.

#### D1III.3 Share of encounter data Amerigroup Community Care submissions that were HIPAA 99.7% compliant What percent of the plan's encounter data submissions **CareSource Georgia** (submitted during the reporting 99.7% period) met state requirements for HIPAA compliance? If the state has not yet received **Peach State Health Plan** encounter data submissions for the entire contract period when 99.2% it submits this report, enter here percentage of encounter data submissions that were compliant out of the proportion received from the managed care plan for the reporting period.

# **Appeals Overview**

Find in the Ex **D1\_Plan\_Set** Find in the Excel Workbook

Number	Indicator	Response
Number D1IV.1	IndicatorAppeals resolved (at the plan level)Enter the total number of appeals resolved during the reporting year.An appeal is "resolved" at the 	ResponseAmerigroup Community Care1,545CareSource Georgia1,219Peach State Health Plan2,383
D1IV.2	<b>Active appeals</b> Enter the total number of appeals still pending or in process (not yet resolved) as of the end of the reporting year.	Amerigroup Community Care 73 CareSource Georgia 0 Peach State Health Plan 0
D1IV.3	Appeals filed on behalf of LTSS users Enter the total number of appeals filed during the reporting year by or on behalf of LTSS users. Enter "N/A" if not applicable. An LTSS user is an enrollee who received at least one LTSS service at any point during the reporting year (regardless of whether the enrollee was actively receiving LTSS at the time that the appeal was filed).	Amerigroup Community Care N/A CareSource Georgia N/A Peach State Health Plan N/A
D1IV.4	Number of critical incidents filed during the reporting period by (or on behalf of) an LTSS user who previously filed an appeal	Amerigroup Community Care N/A CareSource Georgia

For managed care plans that N/A cover LTSS, enter the number of critical incidents filed within the reporting period by (or on behalf of) LTSS users who previously filed appeals in the N/A reporting year. If the managed care plan does not cover LTSS, enter "N/A". Also, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting year), and the readiness review tool was submitted for at least 6 months of the reporting year, enter "N/A". The appeal and critical incident do not have to have been "related" to the same issue they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the appeal need to have been filed in relation to delivery of LTSS they may have been filed for any reason, related to any service received (or desired) by an LTSS user. To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed an appeal during the reporting year, and whether the filing of the appeal preceded the filing of the critical incident. Standard appeals for which

Amerigroup Community Care timely resolution was 1,297

# **Grievances Overview**

Find in the Excel Workbook
D1\_Plan\_Set

Number	Indicator	Response
D1IV.10	<b>Grievances resolved</b> Enter the total number of grievances resolved by the plan	<b>Amerigroup Community Care</b> 1,101
	during the reporting year. A grievance is "resolved" when it has reached completion and been closed by the plan.	<b>CareSource Georgia</b> 778
		Peach State Health Plan
		312
D1IV.11	Active grievances	Amerigroup Community Care
	Enter the total number of grievances still pending or in process (not yet resolved) as of	113
	the end of the reporting year.	CareSource Georgia
		0
		Peach State Health Plan
		0
D1IV.12	Grievances filed on behalf of	Amerigroup Community Care
	<b>LTSS users</b> Enter the total number of	N/A
	grievances filed during the reporting year by or on behalf	CareSource Georgia
	of LTSS users. An LTSS user is an enrollee who	N/A
	received at least one LTSS service at any point during the	Peach State Health Plan
	reporting year (regardless of whether the enrollee was actively receiving LTSS at the time that the grievance was filed). If this does not apply,	N/A
	enter N/A.	
D1IV.13	Number of critical incidents filed during the reporting period by (or on behalf of) an	<b>Amerigroup Community Care</b> N/A
	LTSS user who previously filed a grievance	CareSource Georgia
	For managed care plans that cover LTSS, enter the number	N/A

#### **Peach State Health Plan**

of critical incidents filed within the reporting period by (or on N/A behalf of) LTSS users who previously filed grievances in the reporting year. The grievance and critical incident do not have to have been "related" to the same issue they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the grievance need to have been filed in relation to delivery of LTSS - they may have been filed for any reason, related to any service received (or desired) by an LTSS user. If the managed care plan does not cover LTSS, the state should enter "N/A" in this field. Additionally, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting year), and the readiness review tool was submitted for at least 6 months of the reporting year, the state can enter "N/A" in this field. To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed a grievance during the reporting year, and whether the filing of the

grievance preceded the filing of

the critical incident.

D1IV.14 Number of grievances for **Amerigroup Community Care** which timely resolution was 1,101 provided Enter the number of grievances **CareSource Georgia** for which timely resolution was provided by plan during the 759 reporting period. See 42 CFR §438.408(b)(1) for **Peach State Health Plan** requirements related to the timely resolution of grievances. 312

# **Topic VIII. Sanctions**

Describe sanctions that the state has issued for each plan. Report all known actions across the following domains: sanctions, administrative penalties, corrective action plans, other. Include any pending or unresolved actions.

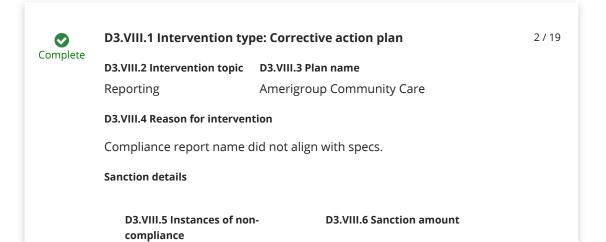

42 CFR 438.66(e)(2)(viii) specifies that the MCPAR include the results of any sanctions or corrective action plans imposed by the State or other formal or informal intervention with a contracted MCO, PIHP, PAHP, or PCCM entity to improve performance.

D1X.9	Plan overpayment reporting	Amerigroup Community Care
	to the state	Per the October 2023 close, Amerigroup has
	Describe the plan's latest annual overpayment recovery report submitted to the state as required under 42 CFR 438.608(d)(3). Include, at minimum, the following information:	estimated overpayment for SFY 2023 will be equal to \$31,102,959.19. This figure is subject to change, since the final MLR report will reflect additional payments, changes in IBNR, and audit feedback. Since MLR is evaluated annually, Amerigroup estimates the quarterly
	• The date of the report (rating period or calendar year).	impact to be the total divided by four. Q1 =

- The dollar amount of overpayments recovered.
- The ratio of the dollar amount of overpayments recovered as a percent of premium revenue as defined in MLR reporting under 42 CFR 438.8(f)(2).

7,775,739.80 Q2 = 7,775,739.80 Q3 = 7,775,739.80 Q4 =7,775,739.80 \$31,102,959.19 is equivalent to 1.70% of 1,833,639,586.21 total premium received for SFY 2023.

#### **CareSource Georgia**

Currently, the Department of Community Health (DCH) does not require a separate and distinct annual overpayment recovery report under its mandated suite of regulatory reports. However, CareSource does provide visibility into our Fraud, Waste and Abuse (FWA) related recoveries as a part of our quarterly regulatory reporting. Additionally, and as a part of our quarterly Medical Loss Ratio (MLR) reporting, the health plan reports all overpayment recoveries consistent with the reporting template and specifications related to the same. Please see our overpayment recoveries for the SFY 2023 reporting period as follows: Overpayment Recoveries \$2,669,462 MLR Denominator (Revenue) \$1,480,386,857 Recoveries as a percent of revenue 0.1803%

### **Peach State Health Plan**

The results in this section for Peach State include both Georgia Families and Planning for Health Babies. 2023 Quarter and Recoupment and Prepay Savings Q3 2022: \$44,189.21 Q4 2022: \$45,590.78 Q1 2023: \$48,568.60 Q2 2023: \$98,252.17

# **Topic IX. Beneficiary Support System (BSS) Entities**

Per 42 CFR 438.66(e)(2)(ix), the Managed Care Program Annual Report must provide information on and an assessment of the operation of the managed care program including activities and performance of the beneficiary support system. Information on how BSS entities support program-level functions is on the Program-Level BSS page.

Find in the Excel Workbook **E\_BSS\_Entities** 

Number	Indicator	Response
EIX.1	BSS entity type	Gainwell
	What type of entity was contracted to perform each BSS activity? Check all that apply. Refer to 42 CFR 438.71(b).	Subcontractor
EIX.2	BSS entity role	Gainwell
	What are the roles performed	Enrollment Broker/Choice Counseling
	by the BSS entity? Check all that apply. Refer to 42 CFR 438.71(b).	Beneficiary Outreach
