### AGENCY BACKGROUND
The Georgia Department of Community Health (DCH) was created in 1999 by Senate Bill 241 and has the responsibility for insuring over two million people in the State of Georgia, maximizing the State’s health care purchasing power, coordinating health planning for State agencies and proposing cost-effective solutions for reducing the number of uninsured. Within DCH, the State Office of Rural Health (SORH) serves Georgians by improving access to health care in rural and underserved areas to improve health status and reduce health disparities.

### PROGRAM OVERVIEW
The Department of Community Health, State Office of Rural Health works to improve access to health care in rural and underserved areas and to reduce health status disparities. SORH provides funding for institutional framework that links small rural communities with State & Federal resources to help develop long-term solutions to rural health problems.

The primary objectives include the following:

- Empower communities to strengthen and maintain the best possible health care using existing resources.
- Provide up-to-date health systems information and technical assistance.
- Build strong partnerships to meet local and regional needs.
- Provide incentives to local areas to implement integrated service delivery systems.
- Be the single point of contact for all regional issues related to health care.

### AWARD JUSTIFICATION
The Georgia Department of Community Health intends to award Georgia Rural Health Association $20,340.00 to provide Provider Documentation and Compliance Audits training to Emanuel Medical Center and Liberty Regional Medical Center. The SHIP grant provides funding to Georgia’s small rural hospitals to assist them in defraying costs related to implementation of the Prospective Payment System (PPS), Accountable Care Organizations (ACO), Payment Bundling, and Value Based Purchasing (VBP). The purpose of this grant is to provide a subscription education and training service which is a blended learning solution incorporating both on-site and on demand eLearning approaches to accommodate multiple learning style and flexibility. Evaluation and management chart audits/clinical documentation review and ICD-10 CM coding analysis will be provided to assure accuracy.

DCH presents this funding as a direct award to the members of the Georgia Rural Health Association “Provider Documentation Training & Compliance Audits” Consortium - Emanuel Medical Center and Liberty Regional Medical Center as components of the Small Rural Hospital Improvement Program that meets the federal grant requirements and as such were named as recipients in the Health Resource and Services Administration (HRSA) federal grant application.
