State Health Benefit Plan

Our Purpose

Shaping the future of *A Healthy Georgia* by improving access and ensuring quality to strengthen the communities we serve.

- OnMed CareStation Overview
- Video Presentation
- Questions / Comments

About OnMed

- A digital health company that helps people manage all their health in one place. The OnMed CareStation is a unique hybrid-care delivery system blending virtual care's real-time convenience with the benefits of traditional care and the latest in health technology. OnMed is a leading tech-enabled health equity solution with a mission to improve the quality of life and sense of well-being in communities by increasing access to healthcare
- In partnership with Sharecare, the OnMed Health Station located here in the Twin Towers is an expansion of the *Be Well Program*®. *SHBP* well-being program that seeks to provide state and school system employees with access to virtual health and primary care services at home and in the workplace.
- The OnMed CareStation will provide free health services to state and school system employees with convenient access to the following essential healthcare services: chest, respiratory, sinus, and eye exams; assessments for minor abdominal issues; as well as treatments for flu, COVID-19, skin conditions, blood pressure monitoring and the ability to provide electronic prescriptions.

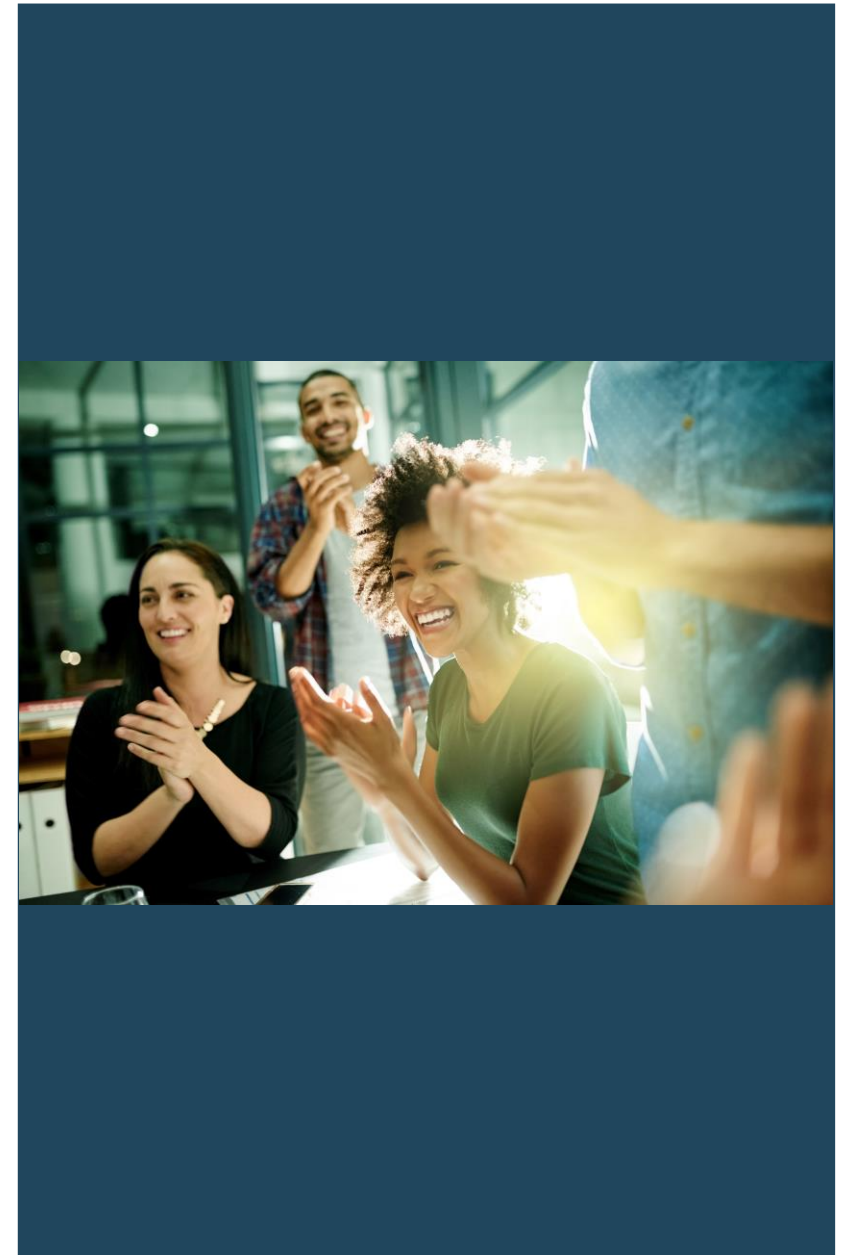

OnMed Patient Experience

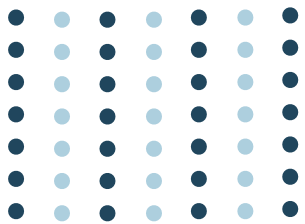

Our Mission

The mission of the Department of Community Health is to provide access to affordable, quality health care to Georgians through effective planning, purchasing, and oversight.

We are dedicated to A Healthy Georgia.
