**Request for Grant Application (RFGA)
Remote Critical Care Services II
Questions & Answers
State Fiscal Year 2020**

NO.	Question	Answer
1.	<p>I have reviewed the RFGA for the Remote Critical Care Services II program. To ensure I am reading this correctly, can you please confirm that a currently funded grantee under the Remote Critical Care Services e-ICU program ONLY has to submit proof of purchase of e-ICU equipment (as supported by prior DCH grant funds) to be considered for additional funding under Option B? So, they <u>do not</u> have to submit any updated project narrative, signed appendices, etc.?</p>	<p>Applicants previously awarded grant funds from the previous RFGA for Remote Critical Care Services and wish to apply for Option B for an additional \$150,000 in operational support funds:</p> <p>A. Must submit proof of purchase of eICU equipment via the e-mail address indicated in the RFGA.</p> <p>B. Must submit two budget worksheets and two budget justification documents detailing the proposed use of funding.</p> <p>C. Complete and submit Appendices A-G. Please review Section VI. Submission Guidelines,</p> <p>A. Application Submission, #s 4-11 of the RFGA.</p>
