

New Building Access Procedures

Effective June 4th, the 2 Peachtree St building that houses the Department of Community Health will implement new security procedures. Visitors will be required to present a valid photo ID (driver's license, military ID, or other government issued ID cards). The security officer will issue a visitor's ID with a photo that will be worn on one's clothing. The visitor ID must be displayed at all times. The visitor ID is valid for one business day (6am - 6pm) and will automatically expire. Before being allowed through the turnstile, all visitors with carry-on items will still be required to place those items through the X-ray machine in accordance with current access control policy. DCH requests that visitors attending the DUR Board meetings please arrive early in order to comply with these new requirements and still be able to access the meeting in a timely manner. DCH appreciates your assistance in complying with this new requirement.
