NEW CERTIFICATE OF NEED FILING REQUIREMENTS

Effective June 17, 2022, the updated Georgia CON Application Form, available at <https://dch.georgia.gov/con-applications-and-forms>, must be used to submit a request for a Certificate of Need.

Letters of Intent

O.C.G.A. § 31-6-40(b) provides that:

Any person proposing to develop or offer a new institutional health service or health care facility shall, before commencing such activity, submit a letter of intent and an application to the department and obtain a certificate of need in the manner provided in this chapter unless such activity is excluded from the scope of this chapter.

O.C.G.A. § 31-6-43(a) further provides that:

At least 30 days prior to submitting an application for a certificate of need for clinical health services, a person shall submit a letter of intent to the department. The department shall provide by rule a process for submitting letters of intent and a mechanism by which applications may be filed to compete with and be reviewed comparatively with proposals described in submitted letters of intent.

All parties interested in applying for a certificate of need for new institutional health services **MUST NOTIFY THE DEPARTMENT 30 DAYS PRIOR TO FILING AN APPLICATION** of their intent to do so. This notice must be in writing and must contain the following information:

Note: No CON application will be accepted without a previously filed Letter of Intent. The CON application must be submitted no later than 30 days after the Letter of Intent has been received by the Department.

Instructions for Organization of Appendices

Appendices in the application must be separated by **dividing sheets** upon submission to the Office of Health Planning.

For Appendices with multiple documents, each document in that specific appendix must be separated by a **light-colored** dividing sheet containing the name of the document which follows the dividing sheet.

These instructions are listed on Page iv of the CON application form. Compliance with these instructions is required pursuant to Rule 111-2-2-.06(2).

Letters of Determination, generally

The Department will require that a determination request be submitted for any proposed activity that may be exempt under O.C.G.A. § 31-6-1 et seq. Such requests will be accepted only on the Department's form with the required filing fee of \$500.00. Requests for confirmation of the exemption for equipment below the threshold will be accepted only on the applicable form and will also require a \$500.00 filing fee. Note: Requests for confirmation of the exemptions for a single specialty ambulatory surgical center or a joint venture ambulatory surgical center below the threshold require a \$500.00 filing fee.

Requirements for Verification of Lawful Presence within the United States

The Department will no longer require information relating to this topic for Certificate of Need applications.

Periodic Reporting Requirements

From June 1, 2016 until September 15, 2016, the Department, through the Office of Health Planning, permitted facilities an opportunity to complete outstanding surveys in order to become compliant. Facilities not in compliance after the September deadline received a Notification of Deficiencies which included details regarding the outstanding surveys, where surveys could be completed, and contact information for the Department. To confirm whether your facility has an outstanding survey please contact Steve Cappel, Data Manager, at steve.cappel@dch.gov. To complete a survey, please visit www.georgiahealthdata.info.

CON Thresholds become effective annually on July 1. The current and effective thresholds can be found on the CON Thresholds page: <http://dch.georgia.gov/con-thresholds>.

Special Note

The [Letters of Intent](#) section of the Tracking and Appeals Report provides the date on which the CON Application must be submitted for each potential project. If the CON application is not received on that date, the associated Letter of Intent is considered expired.

Please do not submit Letters of Opposition or Letters of Support prior to the Department's receipt of an actual Certificate of Need application.

DET Review, generally

Pursuant to the Department's adoption of the Facility Guidelines Institute 2018 physical plant updates on April 15, 2018, effective August 1, 2018, the Office of Health Planning will no longer engage in the review or issuance of letters of determination regarding the applicability of the CON laws to those freestanding facilities seeking to perform procedures outside of either an operating room environment or a dedicated non-sterile endoscopy room as they categorically do not meet the definition of a reviewable ambulatory surgical or obstetrical facility.
