

The background features a blurred image of a person lying in a hospital bed, overlaid with a semi-transparent green layer. Various medical icons are scattered across the green area, including a syringe, a pill, a stethoscope, a microscope, a group of people, and a virus particle. A large white cross is centered over the person's chest. The right side of the image is a dark grey diagonal gradient.

Project Background

The Medicaid Care Management Organizations Act (the “Act”) requires the Care Management Organizations (CMOs) to provide a Hospital Statistical and Reimbursement (HS&R) report within 30 days upon request of a provider. Specifically, O.C.G.A. 33-21A-11 states:

Upon request by a hospital provider related to a specific fiscal year, a care management organization shall, within 30 days of the request, provide that hospital with an HS&R report for the requested fiscal year. Any care management organization which violates this Code section by not providing the requested report within 30 days shall be subject to a penalty of \$1,000.00 per day, starting on the thirty-first day after the request and continuing until the report is provided. It is the intent of the General Assembly that such penalty be collected by the Department of Community Health and deposited into the Indigent Care Trust Fund created pursuant to Code Section 31-8-152. A care management organization shall not reduce the funding available for health care services for members as a result of payment of such penalties.

Additionally, the CMOs must submit a list of the requested HS&R reports to the Department of Community Health (“the Department” or DCH) no later than 30 days following the calendar quarter period.

Objective

As requested by the Department, Myers and Stauffer LC (Myers and Stauffer) tested the data on the quarterly HS&R reports submitted by the CMOs in response to the “Act” for the quarter beginning July 1, 2020 and ending September 30, 2020 (“Quarter 3”). We attempted to confirm the information reported by the CMOs to demonstrate their compliance with the HS&R reporting requirements of the “Act”.

The quarterly HS&R reports submitted to the Department by the CMOs contain the following data: the identification of hospitals that requested HS&R reports including location, name of report requestor, date the HS&R report(s) were requested, the date the CMO released the report to the hospital or requestor, and other related information.

HS&R reports were randomly selected for Amerigroup, CareSource, Peach State, and WellCare to contact providers for confirmation of the dates reported by the CMOs. The Methodology section provides an overview of how we analyzed the data on the quarterly reports.

Methodology

In order to perform this analysis, we utilized the quarterly reports submitted to DCH by each of the CMOs. Amerigroup and CareSource’s reports were obtained by accessing their web portal on November 10, 2020. Peach State Health Plan (Peach State) and WellCare’s reports were obtained by accessing their web portals on November 2, 2020. For Quarter 3, 284 HS&R reports were submitted by the CMOs and can be found in Exhibit B of this report.

In accordance with the validation process approved by DCH, Myers and Stauffer requests confirmation of the CMO reported request and release dates from providers or their representatives. Using the HS&R reports provided by each CMO, we sampled no less than 55 report requests for each CMO.

Telephone calls or e-mails regarding 244 HS&R reports were initiated on November 11, 2020 and completed on January 6, 2021. Providers were asked to provide the date they requested the HS&R report and the date the CMO provided notification that the report was available.

A maximum of three attempts per provider were performed in an effort to acquire data for this analysis.

Once the data was collected, we analyzed the results and performed follow-up communication with the CMOs or provider, as necessary. Provider responses were compared with the dates reported on each CMO’s quarterly report.

Assumptions and Limitations

The assumptions and limitations summarized below should be noted when reviewing this report.

- Our procedures were not designed to identify instances where a CMO may have failed to include a provider's request for an HS&R report in the CMO's report to DCH. However, had instances occurred where a provider stated they requested an HS&R report from a CMO that was not included in the CMO's report to DCH, Myers and Stauffer would have communicated with the respective CMO to confirm the information obtained from the provider.
- Myers and Stauffer accepted a verbal or an email confirmation for information received from providers.
- If there was a disagreement between the CMO and provider, Myers and Stauffer accepted the documentation submitted by the CMO as confirmation.
- If instances occurred where a provider stated they received a requested HS&R report from a CMO after 20 days and that report was originally excluded from our confirmation process, we would have communicated with the respective CMO to confirm the information obtained from the provider.
- As instructed by the Department, if the due date of the report, 30 days after the report was requested, fell on a Saturday or Sunday, the next business day was assumed to be the due date for purposes of this analysis.

Report Results

This section provides the results of the analysis of the Quarter 3 HS&R reports.

Table I. Report Analysis

CMO	Reports - Requested	Reports - Released Greater Than 30 Days	Sample Reports	Reports - Confirmed	Reports - Disagreed	Unable to Reach
Amerigroup	55	2	55	47 (85.5%)	0 (0.0%)	8 (14.5%)
CareSource	75	0	63	52 (82.5%)	0 (0.0%)	11 (17.5%)
Peach State	74	0	63	51 (81.0%)	0 (0.0%)	12 (19.0%)
WellCare	80	0	63	52 (82.5%)	0 (0.0%)	11 (17.5%)
Total	284	2	244	202 (82.8%)	0 (0.0%)	42 (17.2%)

For the Quarter 3 analysis, 244 out of 284 HS&R reports were sampled. The results indicate information reported by the CMOs were confirmed for 82.8 percent (202 of 244) of the HS&R reports. Providers were deemed unreachable after three contact attempts were made representing 17.2 percent (42 of 244) in the sample.

Table II. Length of Time between Request and Release Dates for HS&R Reports, as reported per CMO

CMO	Days Between Request and Release Dates		
	Minimum	Average	Maximum
Amerigroup	0.0	20.5	31.0
CareSource	0.0	7.2	14.0
Peach State	0.0	2.0	7.0
WellCare	0.0	22.7	23.2

The statistics included in Table II are based on the request and release dates reported by the CMOs for Quarter 3. For the CMOs combined, the minimum number of days a HS&R report was released to a provider was zero days and the maximum number of days a HS&R report was released to a provider was 31 days.

Findings

Amerigroup

For Quarter 3, Myers and Stauffer contacted 19 representatives regarding 55 HS&R report requests. We identified 31 HS&R reports released by Amerigroup that were greater than 20 days. The request and release dates reported by the CMO were confirmed for 47 requests. We were unable to confirm eight report requests as six providers were deemed unreachable after contact was initiated three times. We identified two HS&R reports released by Amerigroup greater than 30 days. The details of these requests can be found in Exhibit A.

CareSource

For Quarter 3, Myers and Stauffer contacted 20 representatives regarding 63 HS&R report requests. We did not identify any HS&R reports released by CareSource that were greater than 30 days. Myers and Stauffer did not identify any HS&R reports released by CareSource that were greater than 20 days. The request and release dates reported by the CMO were confirmed for 52 requests. We were unable to confirm 11 report requests as five providers were deemed unreachable after contact was initiated three times.

Peach State Health Plan

For Quarter 3, Myers and Stauffer contacted 22 representatives regarding 63 HS&R report requests. We did not identify any HS&R reports released by Peach State Health Plan that were greater than 30 days. Myers and Stauffer did not identify any HS&R reports released by Peach State Health Plan that were greater than 20 days. The request and release dates reported by the CMO were confirmed for 51 requests. We were unable to confirm 12 report requests as seven providers were deemed unreachable after contact was initiated three times.

WellCare

For Quarter 3, Myers and Stauffer contacted 23 representatives regarding 63 HS&R report requests. We did not identify any HS&R reports released by WellCare that were greater than 30 days. Myers and Stauffer identified 63 HS&R reports released by WellCare that were greater than 20 days. The request and release dates reported by the CMO were confirmed for 52 requests. We were unable to confirm 11 report requests as five providers were deemed unreachable after contact was initiated three times.

Summary of Potential Penalties

Based on the findings for Amerigroup there are potential penalties for late reporting that DCH may elect to assess for the quarter beginning July 1, 2020 ending September 30, 2020.

For the two instances of late reporting, 2 days were determined to be late. Georgia statute (O.C.G.A. 33-21A-11) states, "...Any care management organization which violates this Code section by not providing the requested report within 30 days shall be subject to a penalty of \$1,000.00 per day, starting on the thirty first day after the request and continuing until the report is provided."

Pursuant to the statutory and contractual requirements, DCH may elect to impose a penalty of \$2,000 on Amerigroup.

Recommendations

We make the following recommendations to the DCH and CMOs based on our findings after analyzing the Quarter 3, 2020 HS&R reports:

- The Department may wish to assess a penalty of \$2,000 against Amerigroup for the HS&R reports which were not released within 30 days.
- Amerigroup should review their processes and procedures to ensure all HS&R report requests are captured, logged, and submitted to the requesting provider within the required 30 day time period.

Exhibits A - B

EXHIBIT A

Below is a summary of the issues identified during our review of the Hospital Statistical and Reimbursement (HS&R) Report Timeliness Validation. This summary includes the CMO responses to the report findings.

Please note Myers and Stauffer corresponded with the Amerigroup and WellCare in an attempt to resolve any issues identified prior to the issuance of this report.

AMERIGROUP

- 1) Myers and Stauffer identified two HS&R reports released by Amerigroup greater than 30 days. We contacted Heather Dyke, Compliance Manager, in order to validate the HS&R report release dates. She confirmed the report release dates and responded on January 4, 2021 with the following:

“In response to your inquiry below regarding the untimely submissions to 2 providers listed in the attached HS&R report for Quarter 3, 2020, Amerigroup has reviewed the spreadsheet and agrees with your findings. The two report delays occurred prior to our process improvement implementations, and have subsequently been addressed since that time (note, the employee who was in charge of said reports is no longer with the company). As noted previously, the following improvement areas have been incorporated as of Q4, 2020:

- *Additional staff resources has been identified to monitor, process and generate HS&R report requests*
- *Associate HS&R request training + re-training has occurred (to include additional staff)*
- *IT support is being leveraged to expedite HS&R data pulls*
- *A HS&R Provider Education Blast Fax has been distributed to the provider network to ensure they are following the appropriate process*
- *Increased leadership oversight is occurring to monitor HS&R request turnaround time and tracking*

We anticipate that these steps will prevent request delays going forward as demonstrated in the forthcoming Q4 reporting.”

After review of Amerigroup’s response, we determined the reports were released to the providers late. Please refer to Table III for a detailed listing of late reports with potential penalties.
