This approval is subject to your agreement to serve no more individuals than those indicated in “C Factor Estimates” shown in the table above. If the state wishes to serve more individuals or make any other alterations to this waiver, an amendment must be submitted for approval. The state may renew the waiver at the end of the five-year period by providing evidence and documentation of satisfactory performance and oversight.

It is important to note that CMS’ approval of this waiver solely addresses the state’s compliance with the applicable Medicaid authorities. CMS’ approval does not address the state’s independent and separate obligations under federal laws including, but not limited to, the Americans with Disabilities Act, Section 504 of the Rehabilitation Act, or the Supreme Court’s Olmstead decision. Guidance from the Department of Justice concerning compliance with the Americans with Disabilities Act and the Olmstead decision is available at http://www.ada.gov/olmstead/q&a_olmstead.htm.

CMS reminds the state that the state must have an approved spending plan in order to use the money realized from section 9817 of the American Rescue Plan (ARP). Approval of this action does not constitute approval of the state’s spending plan.
