## Your Prescription Drug List:

Helping you get the most out of your pharmacy benefit.

This Prescription Drug List (PDL) outlines the most commonly prescribed medications for certain conditions and divides them into Tiers. Your costs may change depending on a medication's Tier placement.

To help you better use your pharmacy benefit, this guide answers commonly asked questions about your PDL.

**Visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) or log onto [myuhc.com](http://myuhc.com)® for complete and up-to-date PDL information.**

Since the PDL may change, we encourage you to visit our website, [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) or log onto [myuhc.com](http://myuhc.com). Both websites are the best sources for up-to-date information about the medications your pharmacy benefit covers, possible lower-cost options, and how the costs of medications compare.

The screenshot displays the myuhc.com website interface. At the top, there is a navigation bar with tabs: Home, Claims & Accounts, Physicians & Facilities, **Pharmacies & Prescriptions** (circled), Benefits & Coverage, Personal Health Record, and Health & Wellness. Above the tabs are utility links: Message Center (0 unread), Account Settings, Print, Help, Contact Us, Feedback, and Sign Out.

On the left side, a user profile for Carissa is shown with the following details:  
Hello, Carissa  
My Coverage: Active 07/01/11 (More Details)  
Plan Name: Choice Plus  
Group/Acct#: 0188504  
Member ID: 864401172

Below the profile are sections for Plan Details, Account Balances, and Benefit Details. Under Benefit Details, the Deductible is listed as \$1600 Individual and the Out-of-Pocket Max as \$3200 Individual.

In the center, there is a promotional image for myuhc.com now on smartphones showing a woman using a smartphone.

On the right, a section titled "What would you like to do today?" contains several service buttons: View My Claims, Look Up My Benefits, Find a Doctor, and Manage My Prescriptions. To the right of these are additional service buttons: View Online Statement, View Account Balances, Print an ID Card, Health Assessment, Quicken Health Expense Tracker, Treatment Cost Estimator, Extra Programs & Discounts, and Your Rewards for Health.

At the bottom, there is an Information Center with a "View All" button and a list of links: Need to contact HR Direct? Here's how!, myuhc.com@ mobile - Convenient Smartphone Access to Benefit and Provider Information, This month's tip from The Dr. Oz Show: The Confusing World of Sunscreens, Coverage When Traveling Internationally, Coverage for Preventive Care, and Oral health videos -- interesting and informative.

Next to it are Related Web Sites: African American Health and Source4Women, and Other Languages: Español, 中文, 한국어, and Tiếng Việt.

On the far right, there is a Live Nurse Chat Emergency? Dial 911 button with a "Go" button.

## Welcome to your 2012 State Health Benefit Three-Tier Prescription Drug List

**We want to help you better understand your medication choices.** Your pharmacy benefit offers flexibility and choice in finding the right medication for you. To help you get the most out of your pharmacy benefit, we've included some of the most commonly asked questions about the PDL.

### What is a Prescription Drug List (PDL)?

A PDL is a list of commonly prescribed medications placed into Tiers. The PDL includes both brand and generic prescription medications approved by the U.S. Food and Drug Administration (FDA). The PDL is reviewed periodically and may change.

Please note that there may be some medications on the PDL that are not covered under your prescription medication benefit. Please look at your benefit plan documents provided by your health plan to see what medications are covered under your plan. Benefit Plan Documents include a Summary Plan Description (SPD).

You may also visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) or log onto [myuhc.com](http://myuhc.com) or call the toll-free Customer Care number on the back of your health plan ID card for more information.

### How do I use my PDL?

When choosing a medication, you and your doctor should consult the PDL. This guide is organized by common medical conditions. Then, within each medical condition section, medications are listed by Tier.

If your medication is not located in the PDL please visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) or log onto [myuhc.com](http://myuhc.com) or call the toll-free Customer Care number on the back of your health plan ID card.

### What are Tiers?

Tiers are the different cost levels you pay for a medication. Each Tier is assigned a cost and this is how much you will pay when you fill a prescription. Tier 1 medications are your lowest-cost options. If your medication is placed in Tier 2 or 3 look to see if there is a Tier 1 alternative. Discuss your options with your doctor.

Check your benefit plan documents to find out your pharmacy plan costs.

		
<b>Tier 1</b> <b>Your</b> <b>lowest-cost</b> <b>medications</b>	<b>Tier 2</b> <b>Your</b> <b>midrange-cost</b> <b>medications</b>	<b>Tier 3</b> <b>Your</b> <b>highest-cost</b> <b>medications</b>

### Who determines medication Tier placements?

The UnitedHealthcare PDL Management Committee makes Tier placement decisions. The PDL Management Committee is comprised of senior level UnitedHealth Group physicians and business leaders. The Committee's goal is to help ensure access to a wide range of medications, while helping to control health care costs for you and the State Health Benefit Plan.

## What factors impact tier placement decisions?

The PDL Management Committee decides Tier placement based on several factors including:

- ▶ **Clinical information** from the UnitedHealthcare Pharmacy and Therapeutics Committee about the safety and effectiveness of different medications.
- ▶ **The medication's costs** and other economic factors.

## When do medications change Tiers?

The PDL quick-guide is updated twice a year, January 1st and July 1st. Medications may move to a higher Tier or be excluded from benefit coverage on these dates. Medications can move to a lower Tier at any time throughout the year. Throughout the year we also review generic and brand-name medications and decide which Tier each should be placed. If a new generic launches, Tier changes can occur at that time for its brand counterpart. These reviews may cause medications to change Tiers at any time.

When a medication changes Tiers, you may have to pay a different amount for that medication. These changes may occur without prior notice to you. For the most current information on your pharmacy coverage, please call the toll-free Customer Care number on the back of your health plan ID card or visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) or log onto [myuhc.com](http://myuhc.com).

## Why are there notations (SL, N, etc.) next to certain medications in the PDL, and what do they mean?

As you go through this list, you might notice some medications are noted with symbols next to them. The notations refer to our pharmacy programs. Your benefit plan determines how these medications may be covered for you but the symbols are guidelines to help you check what medications may be impacted.

**Here is a quick symbol overview:**

### PDL Symbols

<b>MC</b>	Multiple copay applies
<b>N</b>	Notification or Prior Authorization required*
<b>P</b>	Progression Rx
<b>SL</b>	Supply limit

\*Depending on your benefit you may have notification or prior authorization requirements for select medications.

## Why is the medication that I am currently taking no longer covered?

Medications may be excluded from coverage under your pharmacy benefit. For example, a medication may be excluded from coverage when it is therapeutically equivalent to another prescription medication or an over-the-counter (OTC) medication. There may be alternatives on the PDL or OTC medications that are right for your treatment.

## Should I talk to my doctor about OTC medications?

An OTC medication may be the right treatment for some conditions. Talk to your doctor about OTC options. With the exception of certain OTC medications, these medications **are not covered** under your pharmacy benefit.

An over-the-counter medication can be an appropriate treatment for some conditions and they may cost less than your out-of-pocket expense for prescription medications. Consult your doctor about over-the-counter alternatives to treat your condition.

## What is the difference between brand-name and generic medications?

Generic medications contain the same active ingredients as brand-name medications, but they often cost less. After the patent on a brand-name medication expires, other companies can manufacture an FDA-approved and chemically-equivalent version of the medication. These types of medications are called generic medications. Many times, the same company that makes a brand-name medication also makes the generic version.

## What if my doctor writes a brand-name prescription?

The next time your doctor gives you a prescription for a brand-name medication, ask if a generic equivalent or lower-Tier alternative is available and if it might be right for you. Generic medications are usually your lowest-cost option, but not always. Check [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) or log onto [myuhc.com](http://myuhc.com) to make sure.

### Why is a generic drug in Tier 2 or Tier 3?

Our PDL is not structured like the traditional PDLs where all generics are placed in Tier 1 regardless of their costs. Our PDL looks at the overall value of the generic or brand name drug.

Although generic drugs are usually your lowest-cost option, they are not always less expensive than brands. High-cost generics may be placed in a higher tier, Tier 2 or Tier 3 and will not be the lowest cost option available under your pharmacy benefit plan. In addition, for some medications the brand name may be in a lower tier, Tier 2 or Tier 1, than its generic equivalent.

Please call the toll-free Customer Care number on the back of your healthplan ID card or visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) or log on [myuhc.com](http://myuhc.com) for more information about generic medications.

### Are you taking a specialty medication?

Specialty medications are managed through our Specialty Pharmacy Program which offers personalized member support. The program also offers access to on-call pharmacists available 24 hours a day, robust clinical and adherence programs and support coaching on lower-cost medication options. Visit [www.uhcspecialtyrx.com](http://www.uhcspecialtyrx.com) or call 1-866-429-8177 to learn more. Please note your specialty medication may not be listed in this guide. Please visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) or log onto [myuhc.com](http://myuhc.com) for more information.

### How do I access updated information about my pharmacy benefit?

Since the PDL may change, we encourage you to visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) or log onto [myuhc.com](http://myuhc.com) or call the toll-free Customer Care number on the back of your health plan ID card for more current information.

Log on to [myuhc.com](http://myuhc.com) for the following pharmacy information and tools:

- ▶ Pharmacy benefit and coverage information
- ▶ Possible lower-cost medication alternatives
- ▶ A list of medications based on a specific medical condition
- ▶ Medication interactions and side effects
- ▶ Locate a participating retail pharmacy by zip code
- ▶ View your prescription history

For your mail order pharmacy benefit, you can also:

- ▶ Refill prescriptions
- ▶ Check the status of your order
- ▶ Set up e-mail reminders for refills
- ▶ Manage your account

### What if I still have questions?

Please call the toll-free Customer Care number on the back of your health plan ID card. Representatives are available 24 hours a day (except Thanksgiving and Christmas).

Medications are categorized by common therapeutic conditions in this PDL for ease of reference only. These categories do not determine coverage for the medication for your condition. Your benefit plan determines how these medications may be covered for you.

In certain documents, the Prescription Drug List (PDL) was referred to as the "Preferred Drug List (PDL)." This change in descriptive terms does not affect your benefit coverage. If you have pharmacy benefit coverage with UnitedHealthcare, you may learn more about your benefit by visiting [myuhc.com](http://myuhc.com) or by calling the toll-free Customer Care phone number on the back of your health plan ID card. If you are not currently enrolled with UnitedHealthcare for pharmacy benefit coverage, you may visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) for additional information during your open enrollment period or you may contact your health plan for additional information.

The PDL may change periodically. Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern. For the most current and complete PDL, visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp) or log onto [myuhc.com](http://myuhc.com).
