

**FQHC Development or Expansion Grant Program
G2011.4**

Questions and Answers

	Question	Response
1.	Could you expand upon or clarify the eligibility requirement that states the applicant should be able to “provide services to all areas of the state”?	Be available to travel to and communicate with any community who desires and is working to develop a Federally Qualified Health Center regardless of geographic location within the State. It is expected that some face-to-face meetings will be required with most.
2.	Is there any additional clarification regarding the eligibility requirement for “5 years of community development and FQHC model program development”?	Demonstrate a minimum of five years experience of engaged active work in the development of community development (consensus building, needs assessment, etc) and the development of Federally Qualified Health Centers.
