Profile for Rural Hospital Stabilization Committee (Data from SFY 2016 Phase 1 Pilot Program)

SFY 2016 Facts

Overview

In the Rural Hospital Stabilization Committee's final recommendations to Governor Deal on February 23, 2015 the Georgia Department of Community Health, State Office of Rural Health was designated as the oversight entity for the proposed pilot program implementation and monitoring. This pilot seeks to build out an integrated "Hub and Spoke" model to prevent the over-utilization of the ED as a primary care access point.

The goal of the "Hub and Spoke" model is to best use existing and new technology to ensure that patients are being treated in the most appropriate setting thus relieving some of the cost pressures on the smallest rural hospitals' emergency departments. Working together in partnership, communities can ensure that each patient is receiving the "Right Care, at the Right Time, and in the Right Setting".

Performance Measures

Net Revenue

Hospitals reported an increase of \$9,214,354 in net revenue in CY2016 when compared to CY2014

Top 25 inpatient **High Utilizers** Pilot Hospitals reported

an increase of \$496,343 in total charges compared to CY2016

Reduction of Emergency Department High Utilizers

58% decrease in number of encounters

\$2,084,193.00 decrease in charges

Readmission Reduction

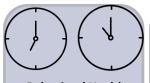

4.5%

Project Level reduction in Potentially Preventable Readmissions

4 Hospitals Funded \$750,000.00

Appling Healthcare System Crisp Regional Hospital **Emanuel Medical Center Union General Hospital**

Behavioral Health And **Substance Abuse**

Hospitals reported a 44% reduction in average daily boarding hours for 1013 Holds

Improved Fidelity

.75% Improvement in **HCAHPS** hospital respondents

"Yes, would definitely recommend the hospital"

Outmigration Data inconclusive due to variability in **Data Collection**

Prevention Quality **Improvement** Composite Currently Not Available

Total Expenditures vs Spending
